**SMALL BUSINESS COMPLIANCE GUIDE**

**Amendment to Subtitle 02 Fisheries Service**

**Regarding the Department's Regulations for Blue Crabs — Addition of Juneteenth Holiday and Crab Pot Set Time Clarification**

**COMAR 08.02.03.11 and .12**

**Released October 14, 2022**

**Updated April 24, 2023**

**Updated June 30, 2023**

This Guide is prepared in accordance with the requirements of State Government Article, §10-110, Annotated Code of Maryland. It is intended to help small businesses comply with the revised rules adopted in the above-referenced sections of the Code of Maryland Regulations. This Guide is not intended to replace or supersede these rules, but to facilitate compliance with the rules. Although we have attempted to cover all parts of the rules that might be especially important to small businesses, the coverage may not be exhaustive. This Guide cannot anticipate all situations in which the rules apply.

The Department will clarify or update the text of the Guide as an idea moves through the regulatory process. Direct your comments and recommendations, or calls for further assistance, to Fishing and Boating Services Regulatory Division:

## I. SUMMARY & FAQs

### **What has been proposed?**

The Department proposed modifying and clarifying the commercial harvest times for blue crabs. The modification would be to include the recently recognized federal holiday Juneteenth National Independence Day. Commercial crabbers are currently allowed to begin crabbing an hour earlier than their usual start time on federal holidays in the summer months between Memorial Day and Labor Day, as well as the day immediately prior to those holidays. The holidays are named in the regulation. The modification would add the Juneteenth holiday to that list. The clarification pertains to when crab pots may be set. There is currently an allowance to set crab pots already on board a vessel for one hour after the legal harvest times, but it is not clearly stated when crab pots may be set otherwise. The clarification will explicitly state that crab pots may be set during the legal harvest times for crab pots and the one hour after the legal harvest times.

### **Why is this change necessary?**

Regarding the Juneteenth holiday, commercial crabbers are currently allowed to begin crabbing an hour earlier than their usual start time on federal holidays in the summer months between Memorial Day and Labor Day, as well as the day immediately before those holidays. The holidays are named in the regulation. Adding Juneteenth National Independence Day will maintain the intention of the regulation, as the holiday falls within that time. The purpose of allowing an extra hour in the morning on these days is to enable commercial crabbers to have extra time to crab on and immediately before summer holidays when demand for crabs is often highest. Juneteenth National Independence Day was established as a federal holiday in 2021 and will be observed annually on June 19<sup>th</sup>. Therefore, the holiday falls within the summer timeframe (Memorial Day to Labor Day) and should be included in the regulation.

Regarding the time for setting crab pots, individuals have asked for clarification on when crab pots may be set due to the current wording of the regulation. The current language allows for crabs to be removed from crab pots during the established legal crabbing times and for pots already on board the vessel to be set for one hour after the end of the legal crabbing times. The change being proposed will clarify those are the only times' crab pots may be set, which should be clearer to all affected individuals and remove any ambiguity about when crab pots may be set.

### **Who will this affect?**

This change will directly affect commercial crabbers who crab in the Chesapeake Bay, Maryland's coastal bays of the Atlantic Ocean, and their tidal tributaries.

### **Has this change been discussed with advisory commissions?**

Yes. This change was discussed with the Sport Fisheries Advisory Commission and Tidal Fisheries Advisory Commission at their October 2022 meetings.

### **What is the specific regulatory action?**

Amend Regulations .11 and .12 under COMAR 08.02.03 Blue Crabs.

## **II. RECORDKEEPING AND REPORTING REQUIREMENTS**

This action would not create any new permits, recordkeeping, or reporting requirements.

## **III. IMPLEMENTATION DATE**

This regulation change is effective July 10, 2023.
