DEFINITIONS

Bill of Sale – a certified document executed by the seller that shows seller's name and address, purchaser's name and address, date of sale, complete vessel description, and the gross purchase price of the vessel

Certificate of Origin – The manufacturer's or importer's document of "title" which establishes ownership of a vessel and provides for the transfer of that ownership progressively from the manufacturer or importer to the dealer and purchaser

Excise tax -- §8-710.3(a) imposes a 5% vessel excise tax on all vessels used principally in Maryland

Fair market value

- ❖ §8-716(a)(3)(i) -- When purchased from a licensed dealer – the total purchase price as certified by the dealer on a form acceptable to the Department
- ❖ §8-716(a)(3)(iii) -- All other transactions – either (a) the total purchase price verified by a certified Bill of Sale approved by the Department, or (b) the valuation shown in a national publication of used vessel values adopted by the Department

Hull identification number – 12 character alpha-numeric number required by the U.S. Coast Guard to be permanently affixed, engraved or embossed on the vessel by the manufacturer (the Department will assign a HIN to home built boats)

Interest -- §8-716.1(d)(1) – 1.5% per month or fraction of a month from the time the tax was due until paid

Length – overall length of the deck (feet and inches) from bow to stern measured in a straight line

Manufacturer – name of the builder – if home built, write in "custom"

Penalty -- §8-716.1(d)(1) – 10% of vessel excise tax – assessed when tax is not paid within 30 days of incurring liability

Purchase price -- §8-716(a)(6) – the total price of a vessel at the time of sale, including motor, accessories, freight-in, duty (if any), and excluding the price of a trailer. Preparation charges are not taxable.

Reciprocal credit -- §8-716(f)(1) – credit for tax previously paid in another state – vessel must have been titled or registered in another jurisdiction or federally documented and principally used in another jurisdiction -- requires proof of tax payment to the other jurisdiction.

Registration number

- ❖ Documented vessels – 6 or 7-character identifier assigned by the U.S. Coast Guard
- ❖ All other vessels – 8-character identifier assigned by the state of registration in the format XX 1234 XX, with the 1st two letters identifying the state of registration

State of principal use – The jurisdiction on whose waters a vessel is used or to be used most during a calendar year

Tax liability

- ❖ If your vessel was purchased in Maryland and will use Maryland waters a majority of the calendar year, you ARE liable for vessel excise tax and must register the vessel within 30 days of purchase to avoid assessment of penalty and interest.
- ❖ If your vessel was purchased elsewhere or previously registered in another jurisdiction, is now in Maryland waters, and will use Maryland waters a majority of the calendar year, you ARE liable for vessel excise tax and must register the vessel within 30 days of entering Maryland waters.
- ❖ If your vessel is duly registered in another jurisdiction but remains in Maryland waters more than 90 days in a calendar year, you MAY be liable for vessel excise tax unless you can prove principal use (as defined above) in another jurisdiction.

Trade-in – applicable only to sales by licensed dealers – a completed 'Trade-In Verification Statement' must be submitted with application

Vessel type – style that most accurately describes the vessel

Year – model year – if custom, use the year vessel was built

33 CFR §187.101(a) and (b) require that the Department collect the taxpayer identification number for each vessel owner.
