

E-Reporting with FACTS™ Charter Pilot

MYTHS BUSTED

Start Hail

MYTH:

Enter what time it is when you are starting your trip

FACT:

Enter the time when you expect to return to the dock after fishing

MYTH:

It does not matter if you update your landing time

FACT:

Always update your landing time in end hail or hail revision if coming in earlier or later than anticipated

End Hail - Species Harvest

Species	Catch Disposition	Count	Weight
BASS, STRIPED	Kept	4	12
BASS, STRIPED	Released	2	<input checked="" type="checkbox"/> No weight
PERCH, WHITE	Kept - fileted	6	3
SPOT	Kept for bait	25	5

MYTH:

The DNR only cares about striped bass harvest so that is all that I should report.

FACT:

You should report **EVERYTHING** that you catch (keep & release)

MYTH:

Report spot that you buy for use as bait on a chartered trip

FACT:

Report spot that you catch and keep to use as bait on the day they are caught

MYTH:

Report the average weight for each individual fish

FACT:

Report the total (sum) weight for each species kept
