

**Public Shellfish Fishery Areas of the Chesapeake Bay and
Its Tidal Tributaries
(November 2016)**

Pursuant to Natural Resources Article, §4-11A-04, the purpose of this document is to identify, by coordinates, all public shellfish fishery areas (PSFA) in the Chesapeake Bay and its tidal tributaries. A PSFA is an area in State waters which includes natural oyster bars (NOB) and is reserved for commercial harvest of oysters. Leasing for shellfish aquaculture is prohibited on public shellfish fishery areas.

While increasing aquaculture opportunities, Chapter 173 of the 2009 Acts of the Maryland General Assembly directed the Department to set aside areas for the public fishery based on specific criteria.

Section I of this document includes PSFAs that are located in the mainstem of Chesapeake Bay and Tangier Sound.

Section II of this document includes PSFAs that are located in the tributaries of Chesapeake Bay.
