Fall 2018 Tree-Mendous Order Form

**TREE-MENDOUS MARYLAND**, a program of the Maryland Forest Service, has been helping citizens restore tree cover on public land and community open space in Maryland since 1989. Tens of thousands of trees and shrubs have been planted in towns, communities, parks, and schools all over the state. These trees provide ecosystem benefits to Maryland's environment including; filtering air and water, providing habitat for wildlife, increasing Urban Tree Canopy, sequestering carbon and more. The high quality, native trees and shrubs are provided by Clear Ridge Nursery.
