December 6, 2017

Dear Forest Products Operator:

Enclosed is your application for a calendar year 2018 Maryland Forest Product Operators (FPO) license in accordance with Natural Resources Article 5, Section 608, Annotated Code of Maryland. A FPO license is required for any business engaged in sale of forest products, which includes lumber, piling, logs, pulpwood, firewood, bark, chips, shavings, and sawdust.

Please be sure to check the box at the top of the application indicating whether yours is a **renewal** or **new application**. The fee remains unchanged at **\$20 for the calendar year**.

Please remember to report the estimated volume of forest products you harvested or sold in the preceding calendar year. (This obviously does not apply to new applicants.) **Applications without this information shall be rejected and returned to sender.**

As always, please call or write me with any questions, problems, opportunities or comments.  
Thank you.

Sincerely,

Daniel R. Rider  
Program Manager – Forest Stewardship & Utilization
