ATTENTION SHOOTING RANGE USERS!!!

The Green Ridge State Forest (GRSF) public shooting range has recently been experiencing a lot of unauthorized destructive shooting. DNR Police are striving to increase patrol and surveillance in an effort to curtail this problem.

Unfortunately, this persistent issue has resulted in the inability to continue maintaining short range target frames. Therefore, only 100 yard target frames are currently maintained on site. Permitted users may place target frames on the range for shorter range shooting provided they are in compliance with the range rules, placed in front of the earthen berms, and are removed at the end of each visit.

Please report destructive use of the range to the GRSF headquarters (301-478-3124) or DNR Police (1-800-628-9944). Help us continue to provide convenient access to a safe and sustainable public shooting range facility.

Please don't hesitate to contact us with any questions, concerns, and/or suggestions regarding this public resource. We look forward to hearing from you soon.

Thank you for your cooperation and assistance!
