For the Margaret Rosch Jones Grant:

- Description of how your group has been active in educating people in your community about at least one of the following concerns: litter prevention, community beautification, and local or statewide environmental issues.
- Description of how your group has been successful in eliminating or reducing the causes of this local environmental problem rather than addressing the symptoms.

For a Bill James Environmental Grant:

- Description of proposed environmental education project.
- Explanation of how and to what extent your project meets the following objectives:
 - *To encourage a sense of stewardship and personal responsibility for the environment.
 - *To stimulate a better understanding of environmental issues and to aid in the elimination or reduction of a local environmental problem.
 - *To encourage education about growth management – protection of rural areas and sensitive resources and discouragement of sprawling development patterns.

For a Cleanup and Greening Grant:

- Description of how your group has been successful within urbanized areas communities and/or watersheds with an emphasis on litter removal, engaging people in neighborhood revitalization, and community greening initiatives.
