SECTION 1 – MINIMUM QUALIFICATIONS

1 Offeror Minimum Qualifications

The Offeror shall have a minimum of 5 years of experience in the field of energy economics and in working with state government agencies in renewable energy policy analysis, planning and implementation. Specifically, the Offeror should have experience in addressing issues related to renewable portfolio standards, including development of standards, implementation related to legislated standards and evaluation of the effectiveness of Maryland Renewable Energy Portfolio Standard. To demonstrate experience, the Offeror will provide with its RFP response a portfolio of past work and three client references (organization's name, contact name, contact's phone number).

THE REMAINDER OF THIS PAGE IS INTENTIONALLY LEFT BLANK.

SECTION 2 – CONTRACTOR REQUIREMENTS: SCOPE OF WORK

2.1 Summary Statement

- 2.1.1 The Department of Natural Resources (DNR) Power Plant Research Program (PPRP) is issuing this Request for Proposals (RFP) to select a contractor to conduct a study of Maryland’s Renewable Energy Portfolio Standard (RPS).
- 2.1.2 An Offeror, either directly or through its subcontractor(s), must be able to provide all services and meet all of the requirements requested in this solicitation, and the successful Offeror (the Contractor) shall remain responsible for Contract performance regardless of subcontractor participation in the work.

2.2 Background and Purpose

The Department of Natural Resources (DNR) Power Plant Research Program (PPRP) is issuing this Request for Proposals (RFP) to select a contractor to conduct a study of Maryland’s Renewable Energy Portfolio Standard (RPS) and related matters, in accordance with House Bill (HB) 1414 and Senate Bill 1146, passed by the General Assembly in the 2017 Regular Session and signed into law on May 4, 2017, by Governor Larry Hogan. The bill became effective on June 1, 2017. PPRP is administered through the Department of Natural Resources (DNR) Resource Assessment Services’ Power Plant Assessment Division. For additional information about PPRP, go to <http://dnr.maryland.gov/pprp>

2.3 Scope of Work - Requirements

2.3.1 General Requirements

The Offeror must thoroughly describe how each requirement will be fulfilled (including modeling to be done by the Contractor or its subcontractor(s)), reliance on work which has or will be completed by others, and potential stakeholder interfaces (such as the Power Plant Research Advisory Committee (PPRAC), Maryland State Agencies, and the general public). In order to formulate a complete description as possible, but minimize redundancy, the Offeror may cross reference descriptive material.

The Offeror should assume that only routine travel will be required for this study.

Lastly, an integrated schedule, showing each major requirement completion date and other major milestones shall be submitted as part of the Offeror’s technical proposal.

Under the direction of the Power Plant Research Program, the Contractor shall conduct a comprehensive review of the history, implementation, overall costs and benefits, and effectiveness of the Maryland Renewable Portfolio Standard (RPS) in relation to the energy policies of the State of Maryland.

The Contractor shall include the following in the review of the RPS¹:

- (1) The availability of all clean energy sources at reasonable and affordable rates, including in-State and out-of-State renewable energy options;

¹ The following text is taken from HB 1414.

- (2) The economic and environmental impacts of the deployment of renewable energy sources in the State and in the surrounding areas of the PJM Interconnection LLC (PJM) region;
- (3) The effectiveness of the standard in encouraging development and deployment of renewable energy sources;
- (4) The impact of alternations that have been made in the components of each tier of the RPS, the implementation of different specific goals for particular sources, and the effect of different percentages and alternative compliance payment scales for energy in the tiers;
- (5) An assessment of alternative models of regulation and market-based tools that may be available or advisable to promote the goals of the RPS and the energy policies of the State; and
- (6) The potential to alter or otherwise evolve the RPS in order to increase and maintain its effectiveness in the RPS in order to increase and maintain its effectiveness in promoting the State's energy policies.”

2.3.2 Specific Requirements

The Contractor shall include in its review an investigation of the following subjects²:

- (1) The role and effectiveness that the RPS may have in reducing the carbon content of imported electricity and whether existing or new additional complementary policies or programs could help address the carbon emissions associated with electricity imported into the State;
- (2) The net environmental and fiscal impacts that may be associated with long-term contracts tied to clean energy projects, including:
 - (a) ratepayer impacts that resulted in other states from the use of long-term contracts for the procurement of renewable energy for the other states' standard offer service and whether the use of long-term contracts incentivized new renewable energy generation development, and
 - (b) ratepayer impacts that may result in the State from the use of long-term contracts for each energy source in the State's Tier 1 and whether, for each of the sources, the use of long-term contracts would incentivize new renewable energy generation development in that source;
- (3) Whether the RPS is able to meet current and potential future targets without the inclusion of certain technologies (see Note A below);
- (4) What industries are projected to grow and to what extent as a result of incentives associated with the RPS;
- (5) Whether the public health and environmental benefits of the growing clean energy industries supported by the RPS are being equitably distributed across overburdened and underserved environmental justice communities;
- (6) Whether the State is likely to meet its existing goals under the RPS and if the State were to increase those goals whether electricity suppliers should expect to find an adequate supply to meet the additional demand for credits (see Note A below);
- (7) Additional opportunities that may be available to promote local job creation within the industries that are projected to grow as a result of the RPS;
- (8) System flexibility that the State would need under future goals under the RPS, including the quantities of system peaking and ramping that may be required;
- (9) How energy storage technology and other flexibility resources should continue to be addressed in support of renewable energy and State energy policy, including
 - a. Whether the resources should be encouraged through a procurement, a production or an installation incentive;
 - b. The advisability of providing incentives for energy storage devices to increase hosting capacity of increased renewable on-site generation on the distribution system; and
 - c. Discussion of the costs and benefits of energy storage deployment in the State under future goal scenarios for renewable generation, and

² The following text is taken from HB 1414.

- (10) The role of in-State clean energy in achieving greenhouse gas emission reductions and promoting local jobs and economic activity in the State;
- (11) An assessment of any change in solar renewable energy credit prices over the immediate 24 months preceding the submission of the interim report to the General Assembly (December 1, 2018); and
- (12) Any other matters that the PPRP considers relevant to the analysis of the issues identified above.

In addition, the Contractor shall note the following during performance of the study:

- A. In conducting its work related to the availability of renewable energy sources, the Contractor shall rely principally on the future draft PPRP Report entitled, *Renewable Inventory Report Update - 2017*, with minor updating by the Contractor to reflect the most recent available data by the conclusion of the study. This report will address whether the State is likely to meet its existing goals under the RPS and if the State were to increase those goals whether electricity suppliers should expect to find an adequate supply to meet the additional demand for credits; and (2) whether the RPS is able to meet current and potential future targets without the inclusion of certain technologies. The Contractor will be provided a copy of the report at contract award.
- B. The economic and environmental impacts of the deployment of renewable energy sources in the State and in surrounding areas of the PJM region will rely, as appropriate, upon the modeling results of the PPRP Report, entitled, *Long-Term Electricity Report for Maryland – December 2016* (http://pprp.info/PPRAC/Longterm_Electricity_Report/Final2016/LTER%20December%202016.pdf).
- C. For the assessment of alternative models of regulation and market-based tools that may be available or advisable to promote the goals of the RPS and the energy policies of the State, the Contractor’s work shall be limited to the investigation of approaches currently in use in other states.
- D. The analysis of the net environmental and fiscal impacts that may be associated with long-term contracts (LTCs) tied to clean energy projects will include LTCs of Maryland state agencies, such as the Department of General Services.
- E. The analysis of whether the RPS’s ability to meet current and potential future targets without the inclusion of *certain technologies* will include any current Maryland Tier I resource.
- F. In conducting its work related to the energy storage technologies, the Contractor shall principally rely on the work being conducted by PPRP for the Energy Storage Study (ESS - House Bill 773, 2017 Session of the Maryland General Assembly) and by the Maryland Public Service Commission for Public Conference (PC) – 44. Under the direction of PPRP, the Contractor shall become an interested party participating in the working groups associated with the ESS and PC-44.
- G. A part of this study requires an investigation as to whether the public health and environmental benefits of the growing clean energy industries supported by the RPS are equitably distributed across overburdened and underserved environmental justice communities. The Contractor shall utilize the US EPA’s online environmental justice screening and mapping tool, EJSCREEN (<https://www.epa.gov/ejscreen>), as appropriate, in conducting its investigation. The Contractor shall assume that it does not need to conduct independent modeling for this task.
- H. In conducting its work related to the system flexibility that the State would need under future goals under the RPS (including the quantities of system peaking and ramping that may be required), the Contractor shall principally rely upon the work previously conducted or currently being conducted by PJM.
- I. In conducting its work related to the role of in-State clean energy in achieving greenhouse gas emission reductions and promoting local jobs and economic activity in the State, the Contractor shall utilize, to the

maximum extent practical, the modeling results of the PPRP Report, entitled, *Long-Term Electricity Report for Maryland – December 2016*
(http://pprp.info/PPRAC/Longterm_Electricity_Report/Final2016/LTER%20December%202016.pdf).

The Contractor shall support PPRP in the Program’s extensive consultation with representatives of various segments of the clean energy industry and other stakeholders. This may take the form of one-on-one meetings, webinars, working group meetings, and other stakeholder out-reach efforts.

The Contractor shall assume that the study’s progress and draft deliverables will be reviewed by PPRAC and should account for PPRAC’s review and feedback throughout the development of the final report in its scheduling and completion of major milestones. (For more information on PPRAC, visit the DNR-PPRP website at www.pprp.info.)

The Contractor shall build in sufficient resources into its proposal to accommodate questions and/or presentations to the Governor’s Office and General Assembly from the issuance of the final report until the last day of the 2020 General Session.

- (7) State assigned Contract number;
- (8) State assigned (Blanket) Purchase Order number(s);
- (9) Goods or services provided; and
- (10) Amount due.

Invoices submitted without the required information cannot be processed for payment until the Contractor provides the required information.

3.4.1.2 The Department reserves the right to reduce or withhold Contract payment in the event the Contractor does not provide the Department with all required deliverables within the time frame specified in the Contract or otherwise materially breaches the terms and conditions of the Contract until such time as the Contractor brings itself into full compliance with the Contract. Also see the "Living Wage" provision of the Contract, if applicable, which allows for withholding of payment under certain circumstances. Any action on the part of the Department, or dispute of action by the Contractor, shall be in accordance with the provisions of Md. Code Ann., State Finance and Procurement Article §§ 15-215 through 15-223 and with COMAR 21.10.04.

3.4.2 Invoice Submission Schedule

The Contractor shall submit its monthly invoice with all appropriate backup by the 10th of the month following the month services were provided.

3.5 SOC 2 Type 2 Audit Report

A SOC 2 Type 2 Report is not a Contractor requirement for this Contract.

3.6 MBE Reports

If this solicitation includes an MBE Goal (see Section 4.26), the Contractor and its MBE subcontractors shall provide the following MBE Monthly Reports based upon the commitment to the goal:

- (1) **Attachment D-4A**, the MBE Participation Prime Contractor Paid/Unpaid MBE Invoice Report by the 10th of the month following the reporting period to the Contract Monitor and the MBE Liaison Officer;

3.8 Liquidated Damages

This solicitation does not contain a liquidated damages requirement. See Section 36 of Attachment M, Contract.

3.9 End of Contract Transition

The Contractor shall cooperate in the orderly transition of services from the Contract awarded under this solicitation to any subsequent contract for similar services. The transition period shall begin ninety (90) days before the Contract end date, or the end date of any final exercised option or contract extension. The Contractor shall work toward a prompt and timely transition, proceeding in accordance with the directions of the Contract Monitor. The Contract Monitor may provide the Contractor with additional instructions to meet specific transition requirements prior to the end of Contract.

3.10 Substitution of Personnel

3.10.1 Continuous Performance of Key Personnel. Unless substitution is approved per paragraphs 3.10.2-3.10.4 of this section, Key Personnel shall be the same personnel proposed in the Contractor's Technical Proposal, which will be incorporated into the Contract by reference. Such identified Key Personnel shall perform continuously for the duration of the Contract, or such lesser duration as specified in the Technical Proposal. Key Personnel may not be removed by the Contractor from working under this Contract, as described in the RFP or the Contractor's Technical Proposal, without the prior written approval of the Contract Monitor.

If the Contract is task order based, the provisions of this section apply to Key Personnel identified in each task order proposal and agreement.

3.10.2 Definitions. For the purposes of this section, the following definitions apply:

Extraordinary Personal Circumstance – Any circumstance in an individual’s personal life that reasonably requires immediate and continuous attention for more than fifteen (15) days and precludes the individual from performing his/her job duties under this Contract. Examples of such circumstances may include, but are not limited to: a sudden leave of absence to care for a family member who is injured, sick, or incapacitated; the death of a family member, including the need to attend to the estate or other affairs of the deceased or his/her dependents; substantial damage to, or destruction of, the individual’s home that causes a major disruption in the individual’s normal living circumstances; criminal or civil proceedings against the individual or a family member; jury duty; and military service call-up.

Incapacitating – Any health circumstance that substantially impairs the ability of an individual to perform the job duties described for that individual’s position in the RFP or the Contractor’s Technical Proposal.

Sudden – When the Contractor has less than thirty (30) days’ prior notice of a circumstance beyond its control that will require the replacement of any Key Personnel working under the Contract.

3.10.3 **Key Personnel General Substitution Provisions.** The following provisions apply to all of the circumstances of staff substitution described in paragraph 3.10.4 of this section.

1. The Contractor shall demonstrate to the Contract Monitor’s satisfaction that the proposed substitute Key Personnel have qualifications at least equal to those of the Key Personnel for whom the replacement is requested.
2. The Contractor shall provide the Contract Monitor with a substitution request that shall include:
 - A detailed explanation of the reason(s) for the substitution request;
 - The resume of the proposed substitute personnel, signed by the substituting individual and his/her formal supervisor;
 - The official resume of the current personnel for comparison purposes; and
 - Any evidence of any required credentials.
3. The Contract Monitor may request additional information concerning the proposed substitution. In addition, the Contract Monitor and/or other appropriate State personnel involved with the Contract may interview the proposed substitute personnel prior to deciding whether to approve the substitution request.
4. The Contract Monitor will notify the Contractor in writing of: (i) the acceptance or denial, or (ii) contingent or temporary approval for a specified time limit, of the requested substitution. The Contract Monitor will not unreasonably withhold approval of a requested Key Personnel replacement.

3.10.4 **Replacement Circumstances**

3.10.4.1 **Voluntary Key Personnel Replacement.** To voluntarily replace any Key Personnel, the Contractor shall submit substitution request as described in paragraph 3.10.3 of this section to the Contract Monitor at least fifteen (15) days prior to the intended date of change. Except in a circumstance described in paragraph 3.10.4 (2) of this clause, a substitution may not occur unless and until the Contract Monitor approves the substitution in writing.

3.10.4.2 **Key Personnel Replacement Due to Vacancy.** The Contractor shall replace Key Personnel whenever a vacancy occurs due to the sudden termination, resignation, leave of absence due to an Extraordinary Personal Circumstance, Incapacitating injury, illness or physical condition, or death of such personnel. (A termination or resignation with thirty (30) days or more advance notice shall be treated as a Voluntary Key Personnel Replacement as per Section 3.10.4.1 of this section.).

Under any of the circumstances set forth in this paragraph 3.10.4.2, the Contractor shall identify a suitable replacement and provide the same information or items required under paragraph 3.10.3 of this section within fifteen (15) days of the actual vacancy occurrence or from when the Contractor first knew or should have known that the vacancy would be occurring, whichever is earlier.

3.10.4.3 Key Personnel Replacement Due to an Indeterminate Absence. If any Key Personnel has been absent from his/her job for a period of ten (10) days due to injury, illness, or other physical condition, leave of absence under a family medical leave, or an Extraordinary Personal Circumstance and it is not known or reasonably anticipated that the individual will be returning to work within the next twenty (20) days to fully resume all job duties, before the 25th day of continuous absence, the Contractor shall identify a suitable replacement and provide the same information or items to the Contract Monitor as required under paragraph 3.10.3 of this section.

However, if this person is available to return to work and fully perform all job duties before a replacement has been authorized by the Contract Monitor, at the option and sole discretion of the Contract Monitor, the original personnel may continue to work under the Contract, or the replacement personnel will be authorized to replace the original personnel, notwithstanding the original personnel's ability to return.

3.10.4.4 Directed Personnel Replacement.

3.10.4.4.1 The Contract Monitor may direct the Contractor to replace any personnel who are perceived as being unqualified, non-productive, unable to fully perform the job duties due to full or partial Incapacity or Extraordinary Personal Circumstance, disruptive, or known, or reasonably believed, to have committed a major infraction(s) of law, agency, or Contract requirements. Normally, a directed personnel replacement will occur only after prior notification of problems with requested remediation, as described in paragraph 3.10.4.4.2. If after such remediation the Contract Monitor determines that the personnel performance has not improved to the level necessary to continue under the Contract, if at all possible at least fifteen (15) days notification of a directed replacement will be provided. However, if the Contract Monitor deems it necessary and in the State's best interests to remove the personnel with less than fifteen (15) days' notice, the Contract Monitor can direct the removal in a timeframe of less than fifteen (15) days, including immediate removal.

In circumstances of directed removal, the Contractor shall, in accordance with paragraph 3.10.3 of this section, provide a suitable replacement for approval within fifteen (15) days of the notification of the need for removal, or the actual removal, whichever occurs first.

3.10.4.4.2 If deemed appropriate in the discretion of the Contract Monitor, the Contract Monitor shall give written notice of any personnel performance issues to the Contractor, describing the problem and delineating the remediation requirement(s). The Contractor shall provide a written Remediation Plan within ten (10) days of the date of the notice and shall implement the Remediation Plan immediately upon written acceptance by the Contract Monitor. If the Contract Monitor rejects the Remediation Plan, the Contractor shall revise and resubmit the plan to the Contract Monitor within five (5) days, or in the timeframe set forth by the Contract Monitor in writing.

Should performance issues persist despite the approved Remediation Plan, the Contract Monitor will give written notice of the continuing performance issues and either request a new Remediation Plan within a specified time limit or direct the substitution of personnel whose performance is at issue with a qualified substitute, including requiring the immediate removal of the Key Personnel at issue.

Replacement or substitution of personnel under this section shall be in addition to, and not in lieu of, the State's remedies under the Contract or which otherwise may be available at law or in equity.

SECTION 4 – PROCUREMENT INSTRUCTIONS

4.1 Pre-Proposal Conference

A Pre-Proposal Conference (the Conference) will be held at the date, time, and location indicated on the RFP Key Information Summary Sheet (near the beginning of the solicitation, after the Title Page and Notice to Vendors). All prospective Offerors are encouraged to attend in order to facilitate better preparation of their Proposals.

The Conference will be summarized. As promptly as is feasible after the Conference, a summary of the Conference and all questions and answers known at that time will be distributed to all prospective Offerors known to have received a copy of this RFP.

In order to assure adequate seating and other accommodations at the Conference, please e-mail or fax the Pre-Proposal Conference Response Form (**Attachment A**) to the attention of the Procurement Officer at least five (5) Business Days prior to the Pre-Proposal Conference date. In addition, if there is a need for sign language interpretation and/or other special accommodations due to a disability, please notify the Procurement Officer at least five (5) Business Days prior to the Pre-Proposal Conference date. The Department will make a reasonable effort to provide such special accommodation.

4.2 eMaryland Marketplace

Each Offeror is requested to indicate its eMaryland Marketplace (eMM) vendor number in the Transmittal Letter (cover letter) submitted at the time of its Proposal submission to this RFP.

eMM is an electronic commerce system administered by the Maryland Department of General Services.

In order to receive a contract award, a vendor must be registered on eMM. Registration is free. Go to <https://emaryland.buyspeed.com/bsol/login.jsp>, click on “Register” to begin the process, and then follow the prompts.

4.3 Questions

Written questions from prospective Offerors will be accepted by the Contract Monitor for answer by the Procurement Officer prior to the Conference. If possible and appropriate, such questions will be answered at the Conference. (No substantive question will be answered prior to the Conference.) Questions to the Procurement Officer shall be submitted via e-mail to the Contract Monitor’s e-mail address indicated on the RFP Key Information Summary Sheet (near the beginning of the solicitation, after the Title Page and Notice to Vendors). Please identify in the subject line the Solicitation Number and Title. Questions, both oral and written, will also be accepted from prospective Offerors attending the Conference. If possible and appropriate, these questions will be answered at the Conference.

Questions will also be accepted subsequent to the Conference and should be submitted to the Contract Monitor via email in a timely manner prior to the Proposal due date. Questions are requested to be submitted at least five (5) days prior to the Proposal due date. The Procurement Officer, based on the availability of time to research and communicate an answer, shall decide whether an answer can be given before the Proposal due date. Time permitting, answers to all substantive questions that have not previously been answered, and are not clearly specific only to the requestor, will be distributed to all vendors that are known to have received a copy of the RFP in sufficient time for the answer to be taken into consideration in the Proposal.

4.4 Procurement Method

This Contract will be awarded in accordance with the Competitive Sealed Proposals method under COMAR 21.05.03.

4.5 Proposals Due (Closing) Date and Time

Proposals, in the number and form set forth in RFP Section 5.2 "Proposals" must be received by the Procurement Officer at the Procurement Officer's address no later than the Proposal Due date and time indicated on the RFP Key Information Summary Sheet (near the beginning of the solicitation, after the Title Page and Notice to Vendors) in order to be considered.

Requests for extension of this time or date will not be granted. Offerors mailing Proposals should allow sufficient mail delivery time to ensure timely receipt by the Procurement Officer. Except as provided in COMAR 21.05.03.02.F and 21.05.02.10, Proposals received after the due date and time listed in the RFP Key Information Summary Sheet will not be considered.

Proposals may be modified or withdrawn by written notice received by the Procurement Officer before the time and date set forth in the RFP Key Information Summary Sheet for receipt of Proposals.

Proposals may not be submitted by e-mail or facsimile. Proposals will not be opened publicly.

Vendors not responding to this solicitation are requested to submit the "Notice to Vendors" form, which includes company information and the reason for not responding (e.g., too busy, cannot meet mandatory requirements, etc.). This form is located in the RFP immediately following the Title Page (page ii).

4.6 Multiple or Alternate Proposals

Multiple and/or alternate Proposals will not be accepted.

4.7 Economy of Preparation

Proposals should be prepared simply and economically and provide a straightforward and concise description of the Offeror's Proposal to meet the requirements of this RFP.

4.8 Public Information Act Notice

An Offeror should give specific attention to the clear identification of those portions of its Proposal that it considers confidential and/or proprietary commercial information or trade secrets, and provide justification why such materials, upon request, should not be disclosed by the State under the Public Information Act, Md. Code Ann., General Provisions Article, Title 4. (Also, see RFP Section 5.4.2.2 "Claim of Confidentiality"). This confidential and/or proprietary information should be identified by page and section number and placed after the Title Page and before the Table of Contents in the Technical Proposal and if applicable, separately in the Financial Proposal.

Offerors are advised that, upon request for this information from a third party, the Procurement Officer is required to make an independent determination whether the information must be disclosed.

4.9 Award Basis

The Contract shall be awarded to the responsible Offeror submitting the Proposal that has been determined to be the most advantageous to the State, considering price and evaluation factors set forth in this RFP (see COMAR 21.05.03.03F), for providing the goods and services as specified in this RFP. See RFP Section 6 for further award information.

4.10 Oral Presentation

Offerors may be required to make oral presentations to State representatives. Offerors must confirm in writing any substantive oral clarification of or change in their Proposals made in the course of discussions. Any such written clarifications or changes then become part of the Offeror's Proposal and are binding if the Contract is awarded. The Procurement Officer will notify Offerors of the time and place of oral presentations.

4.11 Duration of Proposal

Proposals submitted in response to this RFP are irrevocable for 120 days following the closing date for submission of Proposals or best and final offers (see Section 6.5.2.5) if requested. This period may be extended at the Procurement Officer's request only with the Offeror's written agreement.

4.12 Revisions to the RFP

If it becomes necessary to revise this RFP before the due date for Proposals, the Department shall endeavor to provide addenda to all prospective Offerors that were sent this RFP or are otherwise known by the Procurement Officer to have obtained this RFP. In addition, addenda to the RFP will be posted on the Department's procurement web page and through eMM. It remains the responsibility of all prospective Offerors to check all applicable websites for any addenda issued prior to the submission of Proposals. Addenda made after the due date for Proposals will be sent only to those Offerors that submitted timely Proposals and that remain under award consideration as of the issuance date of the addenda.

Acknowledgment of the receipt of all addenda to this RFP issued before the Proposal due date shall be included in the Transmittal Letter accompanying the Offeror's Technical Proposal. Acknowledgement of the receipt of addenda to the RFP issued after the Proposal due date shall be in the manner specified in the addendum notice. Failure to acknowledge receipt of an addendum does not relieve the Offeror from complying with the terms, additions, deletions, or corrections set forth in the addendum.

4.13 Cancellations

The State reserves the right to cancel this RFP, accept or reject any and all Proposals, in whole or in part, received in response to this RFP, waive or permit the cure of minor irregularities, and conduct discussions with all qualified or potentially qualified Offerors in any manner necessary to serve the best interests of the State. The State also reserves the right, in its sole discretion, to award a Contract based upon the written Proposals received without discussions or negotiations.

In the event, a government entity proposes and receives the recommendation for award for the Contract resulting from this RFP, the procurement may be cancelled and the award processed as a Memorandum of Understanding in accordance with COMAR 21.01.03.01.A(4).

4.14 Incurred Expenses

The State will not be responsible for any costs incurred by any Offeror in preparing and submitting a Proposal, in making an oral presentation, providing a demonstration, or performing any other activities related to submitting a Proposal in response to this solicitation.

4.15 Protest/Disputes

Any protest or dispute related, respectively, to this solicitation or the resulting Contract shall be subject to the provisions of COMAR 21.10 (Administrative and Civil Remedies).

4.16 Offeror Responsibilities

The selected Offeror shall be responsible for all products and services required by this RFP. All subcontractors must be identified and a complete description of their role relative to the Proposal must be included in the Offeror's Proposal. If applicable, subcontractors utilized in meeting the established MBE or VSBE participation goal(s) for this solicitation shall be identified as provided in the appropriate Attachment(s) to this RFP (see Section 4.26 "Minority Business Enterprise Goals" and Section 4.27 "Veteran-Owned Small Business Enterprise Goal").

If an Offeror that seeks to perform or provide the services required by this RFP is the subsidiary of another entity, all information submitted by the Offeror, including but not limited to references, financial reports, or experience and documentation (e.g. insurance policies, bonds, letters of credit) used to meet minimum qualifications, if any, shall pertain exclusively to the Offeror, unless the parent organization will guarantee the performance of the subsidiary. If applicable, the Offeror shall submit with its Proposal an explicit statement, signed by an authorized representative of the parent organization, stating that the parent organization will guarantee the performance of the subsidiary.

A parental guarantee of the performance of the Offeror under this Section will not automatically result in crediting the Offeror with the experience and/or qualifications of the parent under any evaluation criteria pertaining to the Offeror's experience and qualifications. Instead, the Offeror will be evaluated on the extent to which the State determines that the experience and qualification of the parent are transferred to and shared with the Offeror, the parent is directly involved in the performance of the Contract, and the value of the parent's participation as determined by the State.

4.17 Mandatory Contractual Terms

By submitting a Proposal in response to this RFP, an Offeror, if selected for award, shall be deemed to have accepted the terms and conditions of this RFP and the Contract, attached herein as **Attachment M**. Any exceptions to this RFP or the Contract shall be clearly identified in the Executive Summary of the Technical Proposal. **A Proposal that takes exception to these terms may be rejected (see RFP Section 5.4.2.4).**

4.18 Proposal Affidavit

A Proposal submitted by an Offeror must be accompanied by a completed Proposal Affidavit. A copy of this Affidavit is included as **Attachment C** of this RFP.

4.19 Contract Affidavit

All Offerors are advised that if a Contract is awarded as a result of this solicitation, the successful Offeror will be required to complete a Contract Affidavit, a copy which is included as **Attachment N** of this RFP. This Affidavit must be provided within five (5) Business Days of notification of proposed Contract award. The Contractor must also submit a Contract Affidavit with any Contract renewal, including the exercise of any options or modifications that may extend the Contract term. For purposes of completing Section “B” of this Affidavit (Certification of Registration or Qualification with the State Department of Assessments and Taxation), a business entity that is organized outside of the State of Maryland is considered a “foreign” business.

4.20 Compliance with Laws/Arrearages

By submitting a Proposal in response to this RFP, the Offeror, if selected for award, agrees that it will comply with all federal, State, and local laws applicable to its activities and obligations under the Contract.

By submitting a response to this solicitation, each Offeror represents that it is not in arrears in the payment of any obligations due and owing the State, including the payment of taxes and employee benefits, and shall not become so in arrears during the term of the Contract if selected for Contract award.

4.21 Verification of Registration and Tax Payment

Before a business entity can do business in the State, it must be registered with the State Department of Assessments and Taxation (SDAT). SDAT is located at State Office Building, Room 803, 301 West Preston Street, Baltimore, Maryland 21201. For registration information, visit <https://www.egov.maryland.gov/businessexpress>.

It is strongly recommended that any potential Offeror complete registration prior to the due date for receipt of Proposals. An Offeror’s failure to complete registration with SDAT may disqualify an otherwise successful Offeror from final consideration and recommendation for Contract award.

4.22 False Statements

Offerors are advised that Md. Code Ann., State Finance and Procurement Article, § 11-205.1 provides as follows:

- (a) In connection with a procurement contract a person may not willfully:
 - (1) falsify, conceal, or suppress a material fact by any scheme or device;
 - (2) make a false or fraudulent statement or representation of a material fact; or
 - (3) use a false writing or document that contains a false or fraudulent statement or entry of a material fact.
- (b) A person may not aid or conspire with another person to commit an act under subsection (a) of this section.
- (c) A person who violates any provision of this section is guilty of a felony and on conviction is subject to a fine not exceeding \$20,000 or imprisonment not exceeding 5 years or both.

4.23 Payments by Electronic Funds Transfer

By submitting a response to this solicitation, the Offeror agrees to accept payments by electronic funds transfer (EFT) unless the State Comptroller's Office grants an exemption. Payment by EFT is mandatory for contracts exceeding \$200,000. The selected Offeror shall register using the COT/GAD X-10 Vendor Electronic Funds (EFT) Registration Request Form. Any request for exemption must be submitted to the State Comptroller's Office for approval at the address specified on the COT/GAD X-10 form, must include the business identification information as stated on the form, and must include the reason for the exemption. The COT/GAD X-10 form may be downloaded from the Comptroller's website at:

http://comptroller.marylandtaxes.com/Government_Services/State_Accounting_Information/Static_Files/APM/X-1020130407.pdf.

4.24 Prompt Payment Policy

This procurement and the Contract(s) to be awarded pursuant to this solicitation are subject to the Prompt Payment Policy Directive issued by the Governor's Office of Minority Affairs (GOMA) and dated August 1, 2008. Promulgated pursuant to Md. Code Ann., State Finance and Procurement Article, §§ 11-201, 13-205(a), and Title 14, Subtitle 3, and COMAR 21.01.01.03 and 21.11.03.01, the Directive seeks to ensure the prompt payment of all subcontractors on non-construction procurement contracts. The Contractor shall comply with the prompt payment requirements outlined in the Contract "Prompt Payment" clause (see **Attachment M**).

Additional information is available on GOMA's website at:

<http://goma.maryland.gov/Documents/Legislation/PromptPaymentFAQs.pdf>.

Code Ann., Maryland Uniform Electronic Transactions Act, Commercial Law Article, Title 21.

4.25.2 Participation in the solicitation process on a procurement contract for which electronic means has been authorized shall constitute consent by the Offeror to conduct by electronic means all elements of the procurement of that Contract which are specifically authorized under the solicitation or Contract.

4.25.3 "Electronic means" refers to exchanges or communications using electronic, digital, magnetic, wireless, optical, electromagnetic, or other means of electronically conducting transactions. 4.25.4.1 The Procurement Officer may conduct the procurement using eMM, e-mail, or facsimile to issue:

- (c) Submit a "No Proposal Response" to the solicitation.

4.25.4.3 The Procurement Officer, the Contract Monitor, and the Contractor may conduct day-to-day Contract administration, except as outlined in Section E of this subsection utilizing e-mail, facsimile, or other electronic means if authorized by the Procurement Officer or Contract Monitor.

4.25.5 The following transactions related to this procurement and any Contract awarded pursuant to it are *not authorized* to be conducted by electronic means:

- (a) Submission of initial Proposals;

- (c) Filing of Contract Claims;
- (d) Submission of documents determined by the Department to require original signatures (e.g., Contract execution, Contract modifications, etc.); or
- (e) Any transaction, submission, or communication where the Procurement Officer has specifically directed that a response from the Contractor or Offeror be provided in writing or hard copy.

4.25.6 Any facsimile or e-mail transmission is only authorized to the facsimile numbers or e-mail addresses for the identified person as provided in the solicitation, Contract, or direction from the Procurement Officer or Contract Monitor.

4.26 Minority Business Enterprise Goals

4.26.1 Establishment of Goal and Subgoals. An overall MBE subcontractor participation goal has been established as indicated in the RFP Key Information Summary Sheet (near the beginning of the solicitation, after the Title Page and Notice to Vendors). The Offeror's proposed MBE participation goal should meet or exceed the established percentage (%) on the RFP Key Information Summary Sheet and will be that percentage of the Total Evaluated Price as set forth in the Offeror's Financial Proposal (Attachment F).

4.26.2 Attachments D-1 to D-5 – The following Minority Business Enterprise participation instructions, and forms are provided to assist Offerors:

- | | |
|------------------------|--|
| Attachment D-1A | MBE Utilization and Fair Solicitation Affidavit & MBE Participation Schedule (must be submitted with Proposal) |
| Attachment D-1B | Waiver Guidance |
| Attachment D-1C | Good Faith Efforts Documentation to Support Waiver Request |
| Attachment D-2 | Outreach Efforts Compliance Statement |
| Attachment D-3A | MBE Subcontractor Project Participation Certification |
| Attachment D-3B | MBE Prime Project Participation Certification |

Deleted: ¶
There are no MBE subcontractor participation subgoals for this procurement

- Attachment D-4A** Prime Contractor Paid/Unpaid MBE Invoice Report
- Attachment D-4B** MBE Prime Contractor Report
- Attachment D-5** Subcontractor/Contractor Unpaid MBE Invoice Report

4.26.3 An Offeror shall include with its Proposal a completed MBE Utilization and Fair Solicitation Affidavit (**Attachment D-1A**) whereby:

- (a) The Offeror acknowledges the certified MBE participation goal and commits to make a good faith effort to achieve the goal and any applicable subgoals, or requests a waiver, and affirms that MBE subcontractors were treated fairly in the solicitation process; and
- (b) The Offeror responds to the expected degree of MBE participation, as stated in the solicitation, by identifying the specific commitment of certified MBEs at the time of Proposal submission. The Offeror shall specify the percentage of total contract value associated with each MBE subcontractor identified on the MBE participation schedule, including any work performed by the MBE Prime (including a Prime participating as a joint venture) to be counted towards meeting the MBE participation goals.
- (c) An Offeror requesting a waiver should review Attachment D-1B (Waiver Guidance) and D-1C (Good Faith Efforts Documentation to Support Waiver Request) prior to submitting its request.

If an Offeror fails to submit a completed Attachment D-1A with the Proposal as required, the Procurement Officer shall determine that the Proposal is not reasonably susceptible of being selected for award.

4.26.4 Offerors are responsible for verifying that each MBE (including any MBE Prime and/or MBE Prime participating in a joint venture) selected to meet the goal and any subgoals and subsequently identified in **Attachment D-1A** is appropriately certified and has the correct NAICS codes allowing it to perform the committed work.

4.26.5 Within ten (10) Business Days from notification that it is the recommended awardee or from the date of the actual award, whichever is earlier, the Offeror must provide the following documentation to the Procurement Officer.

- (a) Outreach Efforts Compliance Statement (**Attachment D-2**);
- (b) MBE Subcontractor/Prime Project Participation Certification (**Attachment D-3A/3B**); and
- (c) Any other documentation required by the Procurement Officer to ascertain Offeror responsibility in connection with the certified MBE subcontractor participation goal or any applicable subgoals.

Further, if the recommended awardee believes a waiver (in whole or in part) of the overall MBE goal or of any applicable subgoal is necessary, the recommended awardee must submit a fully-documented waiver request that complies with COMAR 21.11.03.11.

If the recommended awardee fails to return each completed document within the required time, the Procurement Officer may determine that the recommended awardee is not responsible and, therefore, not eligible for Contract award. If the Contract has already been awarded, the award is voidable.

4.26.6 A current directory of certified MBEs is available through the Maryland State Department of Transportation (MDOT), Office of Minority Business Enterprise, 7201 Corporate Center Drive, Hanover, Maryland 21076. The phone numbers are (410) 865-1269, 1-800-544-6056, or TTY (410) 865-1342. The directory is also available on the MDOT website at <http://mbe.mdot.maryland.gov/directory/>. The most current and up-to-date information on MBEs is available via this website. **Only MDOT-certified MBEs may be used to meet the MBE subcontracting goals.**

4.26.7 The Contractor, once awarded a Contract, will be responsible for submitting or requiring its subcontractor(s) to submit the following forms to provide the State with ongoing monitoring of MBE participation:

- (a) **Attachment D-4A** (Prime Contractor Paid/Unpaid MBE Invoice Report);
- (b) **Attachment D-4B** (MBE Prime Contractor Report, *if applicable*); and
- (c) **Attachment D-5** (MBE Subcontractor Unpaid MBE Invoice Report).

- 4.26.8** An Offeror that requested a waiver of the goal or any of the applicable subgoals will be responsible for submitting the Good Faith Efforts Documentation to Support Waiver Request (**Attachment D-1C**) and all documentation within ten (10) Business Days from notification that it is the recommended awardee or from the date of the actual award, whichever is earlier, as required in COMAR 21.11.03.11.
- 4.26.9** All documents, including the MBE Utilization and Fair Solicitation Affidavit & MBE Participation Schedule (**Attachment D-1A**), completed and submitted by the Offeror in connection with its certified MBE participation commitment shall be considered a part of the resulting Contract and are hereby expressly incorporated into the Contract by reference thereto. All of the referenced documents will be considered a part of the Proposal for order of precedence purposes (see Contract – **Attachment M**, Section 2.1).
- 4.26.10** The Offeror is advised that liquidated damages will apply in the event the Contractor fails to comply in good faith with the requirements of the MBE program and pertinent Contract provisions. (See Contract – **Attachment M**, “Liquidated Damages” clause).
- 4.26.11** As set forth in COMAR 21.11.03.12-1(D), when a certified MBE firm participates on a Contract as a Prime Contractor (including a joint-venture where the MBE firm is a partner), a procurement agency may count the distinct, clearly defined portion of the work of the contract that the certified MBE firm performs with its own work force towards fulfilling up to fifty-percent (50%) of the MBE participation goal (overall) and up to one hundred percent (100%) of not more than one of the MBE participation sub-goals, if any, established for the contract.

In order to receive credit for self-performance, an MBE Prime must list its firm in Section 4A of the MBE Participation Schedule (**Attachment D-1A**) and include information regarding the work it will self-perform. For the remaining portion of the overall goal and the sub-goals, the MBE Prime must also identify certified MBE subcontractors (see Section 4B of the MBE Participation Schedule (**Attachment D-1A**)) used to meet those goals. If dually-certified, the MBE Prime can be designated as only one of the MBE sub-goal classifications but can self-perform up to 100% of the stated sub-goal.

As set forth in COMAR 21.11.03.12-1, once the Contract work begins, the work performed by a certified MBE firm, including an MBE Prime, can only be counted towards the MBE participation goal(s) if the MBE firm is performing a commercially useful function on the Contract.

4.26.12 With respect to Contract administration, the Contractor shall:

- (1) Submit to the Department’s designated representative by the 10th of the month following the reporting period:
 - a. A Prime Contractor Paid/Unpaid MBE Invoice Report (**Attachment D-4A**) listing any unpaid invoices, over 45 days old, received from any certified MBE subcontractor, the amount of each invoice and the reason payment has not been made; and
 - b. (If Applicable) An MBE Prime Contractor Report (**Attachment D-4B**) identifying an MBE Prime’s self-performing work to be counted towards the MBE participation goals.
- (2) Include in its agreements with its certified MBE subcontractors a requirement that those subcontractors submit to the Department’s designated representative by the 10th of the month following the reporting period an MBE Subcontractor Paid/Unpaid Invoice Report (**Attachment D-5**) that identifies the Contract and lists all payments to the MBE subcontractor received from the Contractor in the preceding reporting period month, as

well as any outstanding invoices, and the amounts of those invoices.

- (3) Maintain such records as are necessary to confirm compliance with its MBE participation obligations. These records must indicate the identity of certified minority and non-minority subcontractors employed on the Contract, type of work performed by each, and actual dollar value of work performed. Subcontract agreements documenting the work performed by all MBE participants must be retained by the Contractor and furnished to the Procurement Officer on request.
- (4) Consent to provide such documentation as reasonably requested and right-of-entry at reasonable times for purposes of the State's representatives verifying compliance with the MBE participation obligations. Contractor must retain all records concerning MBE participation and make them available for State inspection for three years after final completion of the Contract.
- (5) Upon completion of the Contract and before final payment and/or release of retainage, submit a final report in affidavit form and under penalty of perjury, of all payments made to, or withheld from MBE subcontractors.

4.27 Veteran-Owned Small Business Enterprise Goal

4.27.1 Notice to Offerors. Questions or concerns regarding the Veteran-Owned Small Business Enterprise (VSBE) participation goal of this solicitation must be raised before the due date for submission of Proposals.

4.27.2 Purpose. The Contractor shall structure its procedures for the performance of the work required in this Contract to attempt to achieve the VSBE participation goal stated in this solicitation. VSBE performance must be in accordance with this section and **Attachment E**, as authorized by COMAR 21.11.13. The Contractor agrees to exercise all good faith efforts to carry out the requirements set forth in this section and **Attachment E**.

Veteran-Owned Small Business Enterprises must be verified by the Office of Small and Disadvantaged Business Utilization (OSDBU) of the United States Department of Veterans Affairs. The listing of verified VSBEs may be found at <http://www.va.gov/osdbu>.

4.27.3 VSBE Goal. The VSBE participation goal indicated in the RFP Key Information Summary Sheet (near the beginning of the solicitation, after the Title Page and Notice to Vendors) has been established for this procurement and is the percentage of the total Contract dollar amount. By submitting a response to this solicitation, the Offeror agrees that this percentage of the total dollar amount of the Contract will be performed by verified veteran-owned small business enterprises.

4.27.4 Solicitation and Contract Formation.

4.27.4.1 In accordance with COMAR 21.11.13.05 C (1), this solicitation requires Offerors to:

- (a) Identify specific work categories within the scope of the procurement appropriate for subcontracting;
- (b) Solicit VSBEs before proposals are due, describing the identified work categories and providing instructions on how to bid on the subcontracts;
- (c) Attempt to make personal contact with the VSBEs solicited and to document these attempts;
- (d) Assist VSBEs to fulfill, or to seek waiver of, bonding requirements; and
- (e) Attempt to attend preproposal or other meetings the procurement agency schedules to publicize contracting opportunities to VSBEs.

4.27.4.2 An Offeror must include with its Proposal a completed VSBE Utilization Affidavit and Prime/Subcontractor Participation Schedule (**Attachment E-1**) whereby the Offeror:

- (1) Acknowledges it: a) intends to meet the VSBE participation goal; or b) requests a full or partial waiver of the VSBE participation goal. If the Offeror commits to the full VSBE goal or requests a partial waiver, it shall commit to making a good faith effort to achieve the stated goal; and
- (2) Responds to the expected degree of VSBE participation as stated in the solicitation, by identifying the specific commitment of VSBEs at the time of Proposal submission. The Offeror shall specify the percentage of contract value associated with each VSBE prime/subcontractor identified on the VSBE Participation Schedule.

As set forth in COMAR 21.11.13.05.B(2), when a verified VSBE firm participates on a Contract as a Prime Contractor, a procurement agency may count the distinct, clearly defined portion of the work of the contract that the VSBE Prime Contractor performs with its own work force towards meeting up to one hundred percent (100%) of the VSBE goal.

In order to receive credit for self-performance, a VSBE Prime must list its firm in the VSBE Prime/Subcontractor Participation Schedule (**Attachment E-1**) and include information regarding the work it will self-perform. For any remaining portion of the VSBE goal that is not to be performed by the VSBE Prime, the VSBE Prime must also identify verified VSBE subcontractors used to meet the remainder of the goal.

Within ten (10) Business Days from notification that it is the apparent awardee, the awardee must provide the following documentation to the Procurement Officer.

- (1) VSBE Project Participation Statement (**Attachment E-2**);
- (2) If the apparent awardee believes a full or partial waiver of the overall VSBE goal is necessary, it must submit a fully-documented waiver request that complies with COMAR 21.11.13.07; and
- (3) Any other documentation required by the Procurement Officer to ascertain Offeror responsibility in connection with the VSBE participation goal.

If the apparent awardee fails to return each completed document within the required time, the Procurement Officer may determine that the apparent awardee is not responsible and therefore not eligible for Contract award.

4.27.5 Contract Administration Requirements. The Contractor, once awarded the Contract shall:

- (1) Submit monthly to the Department a report listing any unpaid invoices, over 45 days old, received from any VSBE subcontractor, the amount of each invoice, and the reason payment has not been made. (**Attachment E-3**).
- (2) Include in its agreements with its VSBE subcontractors a requirement that those subcontractors submit monthly to the Department a report that identifies the prime contract and lists all payments received from Contractor in the preceding 30 days, as well as any outstanding invoices, and the amount of those invoices. (**Attachment E-4**).
- (3) Maintain such records as are necessary to confirm compliance with its VSBE participation obligations. These records must indicate the identity of VSBE and non-VSBE subcontractors employed on the contract, the type of work performed by each, and actual dollar value of work performed. The subcontract agreement documenting the work performed by all VSBE participants must be retained by the Contractor and furnished to the Procurement Officer on request;
- (4) Consent to provide such documentation as reasonably requested and right-of-entry at reasonable times for purposes of the State's representatives verifying compliance with the VSBE participation obligations. The Contractor must retain all records concerning VSBE participation and make them available for State inspection for three years after final completion of the Contract.
- (5) At the option of the procurement agency, upon completion of the Contract and before final payment and/or release of retainage, submit a final report in affidavit form and under penalty of perjury, of all payments made to, or withheld from VSBE subcontractors.

4.28 Living Wage Requirements

- 4.28.1 Maryland law requires that Contractors meeting certain conditions pay a living wage to covered employees on State service contracts over \$100,000. Maryland Code, State Finance and Procurement, § 18-101 *et al.* The Commissioner of Labor and Industry at the Department of Labor, Licensing and Regulation requires that a Contractor subject to the Living Wage law submit payroll records for covered employees and a signed statement indicating that it paid a living wage to covered employees; or receive a waiver from Living Wage reporting requirements. *See* COMAR 21.11.10.05.
- 4.28.2 If subject to the Living Wage law, Contractor agrees that it will abide by all Living Wage law requirements, including but not limited to reporting requirements in COMAR 21.11.10.05. Contractor understands that failure of Contractor to provide such documents is a material breach of the terms and conditions and may result in Contract termination, disqualification by the State from participating in State contracts, and other sanctions. See the “Living Wage” clause in the Contract (**Attachment M**).
- 4.28.3 Additional information regarding the State’s living wage requirement is contained in **Attachment F**. Offerors must complete and submit the Maryland Living Wage Requirements Affidavit of Agreement (**Attachment F-1**) with their Proposals. If an Offeror fails to complete and submit the required documentation, the State may determine the Offeror to be not responsible under State law.
- 4.28.4 Contractors and subcontractors subject to the Living Wage Law shall pay each covered employee at least the minimum amount set by law for the applicable Tier area. The specific living wage rate is determined by whether a majority of services take place in a Tier 1 Area or Tier 2 Area of the State. The Tier 1 Area includes Montgomery, Prince George’s, Howard, Anne Arundel and Baltimore Counties, and Baltimore City. The Tier 2 Area includes any county in the State not included in the Tier 1 Area. In the event that the employees who perform the services are not located in the State, the head of the unit responsible for a State Contract pursuant to §18-102(d) of the State Finance and Procurement Article shall assign the tier based upon where the recipients of the services are located.
- 4.28.5 The Contract resulting from this solicitation will be determined to be a Tier 1 Contract or a Tier 2 Contract depending on the location(s) from which the Contractor provides 50% or more of the services. The Offeror must identify in its Proposal the location(s) from which services will be provided, including the location(s) from which 50% or more of the Contract services will be provided.
- (1) If the Contractor provides 50% or more of the services from a location(s) in a Tier 1 jurisdiction(s) the Contract will be a Tier 1 Contract.
 - (2) If the Contractor provides 50% or more of the services from a location(s) in a Tier 2 jurisdiction(s), the Contract will be a Tier 2 Contract.
 - (3) If the Contractor provides more than 50% of the services from an out-of-State location, the State agency determines the wage tier based on where the majority of the service recipients are located. In this circumstance, this Contract will be determined to be a Tier 1 Contract.
- 4.28.6 Information pertaining to reporting obligations may be found by going to the Maryland Department of Labor, Licensing and Regulation (DLLR) website: <http://www.dllr.state.md.us/labor/prev/livingwage.shtml>.

NOTE: Whereas the Living Wage may change annually, the Contract price may not be changed because of a Living Wage change.

4.29 Federal Funding Acknowledgement

This Contract does not contain federal funds.

4.30 Conflict of Interest Affidavit and Disclosure

For policies and procedures applying specifically to Conflict of Interests, the Contract is governed by COMAR 21.05.08.08.

SECTION 5 – PROPOSAL FORMAT

5.1 Two Part Submission

Offerors shall submit Proposals in separate volumes:

- Volume I – TECHNICAL PROPOSAL
- Volume II – FINANCIAL PROPOSAL

5.2 Proposals

5.2.1 Volume I – Technical Proposal, and Volume II – Financial Proposal shall be sealed separately from one another. It is preferred, but not required, that the name, email address, and telephone number of a contact person for the Offeror be included on the outside of the packaging for each volume. Each Volume shall contain an unbound original, so identified, and four (4) copies. Unless the resulting package will be too unwieldy, the Department’s preference is for the two (2) sealed Volumes to be submitted together in a single package including a label bearing:

- (1) RFP title and number,
- (2) Name and address of the Offeror, and
- (3) Closing date and time for receipt of Proposals

to the Procurement Officer (see RFP Key Information Summary Sheet) prior to the date and time for receipt of Proposals (see RFP Section 4.4 “Proposals Due (Closing) Date and Time”).

5.2.2 An electronic version (on Compact Disk/CD, Digital Versatile Disc/DVD, or Universal Serial Bus/USB Flash/Thumb Drive) of Volume I - Technical Proposal in Microsoft Word format must be enclosed with the original Volume I - Technical Proposal submission. An electronic version (on CD, DVD, or USB Flash Drive) of Volume II - Financial Proposal in Microsoft Word or Microsoft Excel format must be enclosed with the original Volume II - Financial Proposal submission. Each CD/DVD/USB Flash Drive must be labeled on the outside with the RFP title and number, name of the Offeror, and volume number. Each CD/DVD/USB Flash Drive must be packaged with the original copy of the appropriate Proposal (Technical or Financial). In the event of any discrepancy between the hard copy and electronic versions of an Offeror’s Proposal, the State shall determine the controlling version in accordance with the State’s interests.

5.2.3 A second electronic version of Volume I and Volume II in searchable Adobe .pdf format shall be submitted on CD, DVD, or USB Flash Drive for Public Information Act (PIA) requests. This copy shall be redacted so that confidential and/or proprietary information has been removed (see RFP Section 4.8 “Public Information Act Notice”).

5.2.4 Beginning with Tab B (see RFP Section 5.4.2.3), all pages of both Proposal volumes shall be consecutively-numbered from beginning (Page 1) to end (Page “x”). The Title Page, Table of Contents, and any Claim of Confidentiality (Tabs A and A-1; see RFP Sections 5.4.2.1 and 5.4.2.2), should be numbered using romanettes (ex. i, ii, iii, iv, v, etc.).

5.2.5 Proposals and any modifications to Proposals will be shown only to State employees, members of the Evaluation Committee, and other persons deemed by the Department to have a legitimate interest in them.

5.3 Delivery

Offerors may either mail or hand-deliver Proposals.

- 5.3.1 For U.S. Postal Service deliveries, any Proposal that has been received at the appropriate mailroom, or typical place of mail receipt, for the respective procuring unit by the time and date listed in the RFP will be deemed to be timely. If an Offeror chooses to use the U.S. Postal Service for delivery, the Department recommends that it use Express Mail, Priority Mail, or Certified Mail only as these are the only forms for which both the date and time of receipt can be verified by the Department. It could take several days for an item sent by first class mail to make its way by normal internal mail to the procuring unit and an Offeror using first class mail will not be able to prove a timely delivery at the mailroom.
- 5.3.2 Hand-delivery includes delivery by commercial carrier acting as agent for the Offeror. For any type of direct (non-mail) delivery, an Offeror is advised to secure a dated, signed, and time-stamped (or otherwise indicated) receipt of delivery.
- 5.3.3 After receipt, a Register of Proposals will be prepared that identifies each Offeror. The Register of Proposals will be open to inspection only after the Procurement Officer makes a determination recommending the award of the Contract.

5.4 Volume I – Technical Proposal

Note: No pricing information is to be included in the Technical Proposal (Volume I). Pricing information is to be included only in the Financial Proposal (Volume II).

- 5.4.1 **Format of Technical Proposal.** Inside a sealed package described in Section 5.2 “Proposals,” the unbound original, four (4) copies, and the electronic version shall be provided. The RFP sections are numbered for ease of reference. Section 5.4.2 sets forth the order of information to be provided in the Technical Proposal, e.g., Section 5.4.2.1 “Title and Table of Contents,” Section 5.4.2.2 “Claim of Confidentiality,” Section 5.4.2.3 “Transmittal Letter,” Section 5.4.2.4 “Executive Summary,” etc. In addition to the instructions below, responses in the Offeror’s Technical Proposal should reference the organization and numbering of Sections in the RFP (ex. “Section 2.2.1 Response . . . ; “Section 2.2.2 Response . . .,” etc.). This Proposal organization will allow State officials and the Evaluation Committee (see RFP Section 6.1) to “map” Offeror responses directly to RFP requirements by Section number and will aid in the evaluation process.
- 5.4.2 **The Technical Proposal** shall include the following documents and information in the order specified as follows. Each section of the Technical Proposal shall be separated by a TAB as detailed below:
 - 5.4.2.1 **Title Page and Table of Contents (Submit under TAB A).** The Technical Proposal should begin with a Title Page bearing the name and address of the Offeror and the name and number of this RFP. A Table of Contents shall follow the Title Page for the Technical Proposal, organized by section, subsection, and page number.
 - 5.4.2.2 **Claim of Confidentiality (If applicable, submit under TAB A-1).** Any information which is claimed to be confidential is to be noted by reference and included after the Title Page and before the Table of Contents, and if applicable, also in the Offeror’s Financial Proposal. An explanation for each claim of confidentiality shall be included (see Section 4.8 “Public Information Act Notice”). The entire Proposal should not be given a blanket confidentiality designation. Any confidentiality designation must apply to specific sections, pages, or portions of pages of the Proposal.

5.4.2.3 **Transmittal Letter (Submit under TAB B).** A Transmittal Letter shall accompany the Technical Proposal. The purpose of this letter is to transmit the Proposal and acknowledge the receipt of any addenda. The Transmittal Letter should be brief and signed by an individual who is authorized to commit the Offeror to the services and requirements as stated in this RFP. The Transmittal Letter should include the following:

- (1) Name and address of the Offeror;
- (2) Name, title, e-mail address, and telephone number of primary contact for the Offeror;
- (3) Solicitation Title and Solicitation Number that the Proposal is in response to;
- (4) Signature, typed name, and title of an individual authorized to commit the Offeror to its Proposal;
- (5) Federal Employer Identification Number (FEIN) of the Offeror, or if a single individual, that individual's Social Security Number (SSN);
- (6) Offeror's eMM number;
- (7) Offeror's MBE certification number (if applicable);
- (8) Acceptance of all State RFP and Contract terms and conditions (see Section 4.17); if any exceptions are taken, they are to be noted in the Executive Summary (see Section 5.4.2.4); and
- (9) Acknowledgement of all addenda to this RFP.

5.4.2.4 **Executive Summary (Submit under TAB C).** The Offeror shall condense and highlight the contents of the Technical Proposal in a separate section titled "Executive Summary." The Summary shall identify the Service Category(ies) and Region(s) for which the Offeror is proposing to provide services (if applicable). In addition, the Summary shall indicate whether the Offeror is the subsidiary of another entity, and if so, whether all information submitted by the Offeror pertains exclusively to the Offeror. If not, the subsidiary Offeror shall include a guarantee of performance from its parent organization as part of its Executive Summary.

The Summary shall also identify any exceptions the Offeror has taken to the requirements of this RFP, the Contract (Attachment M), or any other attachments. Exceptions to terms and conditions may result in having the Proposal deemed unacceptable or classified as not reasonably susceptible of being selected for award.

If the Offeror has taken no exceptions to the requirements of this RFP, the Contract (Attachment M), or any other attachments, the Executive Summary shall so state.

5.4.2.5 **Minimum Qualifications Documentation (If applicable, Submit under TAB D).** The Offeror shall submit any Minimum Qualifications documentation that may be required, as set forth in RFP Section 1, "Minimum Qualifications."

5.4.5.6 **Offeror Technical Response to RFP Requirements and Proposed Work Plan (Submit under TAB E).**

5.4.5.6.1 The Offeror shall address each Scope of Work requirement (RFP Section 2) in its Technical Proposal and describe how its proposed services, including the services of any proposed subcontractor(s), will meet or exceed the requirement(s). If the State is seeking Offeror agreement to any requirement(s), the Offeror shall state its agreement or disagreement. Any paragraph in the Technical Proposal that responds to a Scope of Work requirement shall include an explanation of how the work will be done. Any exception to a requirement, term, or condition may result in having the Proposal classified as not reasonably susceptible of being selected for award or the Offeror deemed not responsible.

5.4.5.6.2 The Offeror shall give a definitive **section-by-section** description of the proposed plan to meet the requirements of the RFP, i.e., a Work Plan. The Work Plan shall include the specific methodology, techniques, and number of staff, if applicable, to be used by the Offeror in providing the required services as outlined in RFP Section 2, Scope of Work. The description shall include an outline of the overall management concepts employed by the Offeror and a project management plan, including project control mechanisms and overall timelines. Project deadlines considered contract deliverables must be recognized in the Work Plan.

5.4.5.6.3 The Offeror shall identify the location(s) from which it proposes to provide the services, including, if applicable, any current facilities that it operates, and any required construction to satisfy the State's requirements as outlined in this RFP.

5.4.5.6.4 The Offeror shall provide a draft Problem Escalation Procedure (PEP) that includes, at a minimum, titles of individuals to be contacted by the Department's Contract Monitor should problems arise under the Contract and explains how problems with work under the Contract will be escalated in order to resolve any issues in a timely manner. Final procedures shall be submitted as indicated in RFP Section 3.3.

5.4.2.7 **Experience and Qualifications of Proposed Staff (Submit under TAB F).** The Offeror shall identify the qualifications and types of staff proposed to be utilized under the Contract.

The Offeror shall describe in detail how the proposed staff's experience and qualifications relate to their specific responsibilities, including any staff of proposed subcontractor(s), as detailed in the Work Plan. The Offeror shall include individual resumes for the Key Personnel, including Key Personnel for any proposed subcontractor(s), who are to be assigned to the project if the Offeror is awarded the Contract. Each resume should include the amount of experience the individual has had relative to the Scope of Work set forth in this solicitation. Letters of intended commitment to work on the project, including letters from any proposed subcontractor(s), shall be included in this section.

The Offeror shall provide an Organizational Chart outlining personnel and their related duties. The Offeror shall include job titles and the percentage of time each individual will spend on his/her assigned tasks. Offerors using job titles other than those commonly used by industry standards must provide a crosswalk reference document.

5.4.2.8 **Offeror Qualifications and Capabilities (Submit under TAB G).** The Offeror shall include information on past experience with similar projects and/or services. The Offeror shall describe how its organization can meet the requirements of this RFP and shall also include the following information:

- (1) The number of years the Offeror has provided the similar services;
- (2) The number of clients/customers and geographic locations that the Offeror currently serves;
- (3) The names and titles of headquarters or regional management personnel who may be involved with supervising the services to be performed under this Contract;
- (4) The Offeror's process for resolving billing errors; and
- (5) An organizational chart that identifies the complete structure of the Offeror, including any parent company, headquarters, regional offices, and subsidiaries of the Offeror.

5.4.2.9 **References (Submit under TAB H).** At least three (3) references are requested from customers who are capable of documenting the Offeror's ability to provide the services specified in this RFP. References used to meet any Minimum Qualifications (see RFP Section 1) may be used to meet this

request. Each reference shall be from a client for whom the Offeror has provided services within the past five (5) years and shall include the following information:

- (1) Name of client organization;
- (2) Name, title, telephone number, and e-mail address, if available, of point of contact for client organization; and
- (3) Value, type, duration, and description of services provided.

The Department reserves the right to request additional references or utilize references not provided by an Offeror.

5.4.2.10 List of Current or Prior State Contracts (Submit under TAB I). Provide a list of all contracts with any entity of the State of Maryland for which the Offeror is currently performing services or for which services have been completed within the last five (5) years. For each identified contract, the Offeror is to provide:

- (1) The State contracting entity;
- (2) A brief description of the services/goods provided;
- (3) The dollar value of the contract;
- (4) The term of the contract;
- (5) The State employee contact person (name, title, telephone number, and, if possible, e-mail address); and
- (6) Whether the contract was terminated before the end of the term specified in the original contract, including whether any available renewal option was not exercised.

Information obtained regarding the Offeror's level of performance on State contracts will be used by the Procurement Officer to determine the responsibility of the Offeror and considered as part of the experience and past performance evaluation criteria of the RFP.

5.4.2.11 Financial Capability (Submit under TAB J). An Offeror must include in its Proposal a commonly-accepted method to prove its fiscal integrity. If available, the Offeror shall include Financial Statements, preferably a Profit and Loss (P&L) statement and a Balance Sheet, for the last two (2) years (independently audited preferred).

In addition, the Offeror may supplement its response to this Section by including one or more of the following with its response:

- (1) Dun & Bradstreet Rating;
- (2) Standard and Poor's Rating;
- (3) Lines of credit;
- (4) Evidence of a successful financial track record; and
- (5) Evidence of adequate working capital.

5.4.2.12 Certificate of Insurance (Submit under TAB K). The Offeror shall provide a copy of its current certificate of insurance showing the types and limits of insurance in effect as of the Proposal submission date. The current insurance types and limits do not have to be the same as described in Section 3.1. See Section 3.1 for the required insurance certificate submission for the recommended Offeror.

5.4.2.13 Subcontractors (Submit under TAB L). The Offeror shall provide a complete list of all subcontractors that will work on the Contract if the Offeror receives an award, including those utilized in meeting the MBE and/or VSBE subcontracting goal, if applicable. This list shall include a

full description of the duties each subcontractor will perform and why/how each subcontractor was deemed the most qualified for this project.

5.4.2.14 **Legal Action Summary (Submit under TAB M).** This summary shall include:

- (1) A statement as to whether there are any outstanding legal actions or potential claims against the Offeror and a brief description of any action;
- (2) A brief description of any settled or closed legal actions or claims against the Offeror over the past five (5) years;
- (3) A description of any judgments against the Offeror within the past five (5) years, including the case name, court case docket number, and what the final ruling or determination was from the court; and
- (4) In instances where litigation is on-going and the Offeror has been directed not to disclose information by the court, the name of the judge and location of the court.

5.4.2.15 **Economic Benefit Factors (Submit under TAB N).** The Offeror shall submit with its Proposal a narrative describing benefits that will accrue to the Maryland economy as a direct or indirect result of its performance of this contract. Proposals will be evaluated to assess the benefit to Maryland's economy specifically offered. The economic benefit offered should be consistent with the Offeror's Total Proposal Price from Attachment B, the Financial Proposal Form. See COMAR 21.05.03.03A(3).

Proposals that identify specific benefits as being contractually enforceable commitments will be rated more favorably than Proposals that do not identify specific benefits as contractual commitments, all other factors being equal.

Offerors shall identify any performance guarantees that will be enforceable by the State if the full level of promised benefit is not achieved during the Contract term.

As applicable, for the full duration of the Contract, including any renewal period, or until the commitment is satisfied, the Contractor shall provide to the Procurement Officer or other designated agency personnel reports of the actual attainment of each benefit listed in response to this section. These benefit attainment reports shall be provided quarterly, unless elsewhere in these specifications a different reporting frequency is stated.

In responding to this section, the following do not generally constitute economic benefits to be derived from this Contract:

- (1) Generic statements that the State will benefit from the Offeror's superior performance under the Contract;
- (2) Descriptions of the number of Offeror employees located in Maryland other than those that will be performing work under this Contract; and
- (3) Tax revenues from Maryland-based employees or locations, other than those that will be performing, or used to perform, work under this Contract.

Discussion of Maryland-based employees or locations may be appropriate if the Offeror makes some projection or guarantee of increased or retained presence based upon being awarded this Contract.

Examples of economic benefits to be derived from a contract may include any of the following. For each factor identified below, identify the specific benefit and contractual commitments and provide a breakdown of expenditures in that category:

- (1) The Contract dollars to be recycled into Maryland’s economy in support of the Contract, through the use of Maryland subcontractors, suppliers and joint venture partners. Do not include actual fees or rates paid to subcontractors or information from your Financial Proposal;
- (2) The number and types of jobs for Maryland residents resulting from the Contract. Indicate job classifications, number of employees in each classification and aggregate payroll to which the Offeror has committed, including contractual commitments at both prime and, if applicable, subcontract levels. If no new positions or subcontracts are anticipated as a result of this Contract, so state explicitly;
- (3) Tax revenues to be generated for Maryland and its political subdivisions as a result of the Contract. Indicate tax category (sales taxes, payroll taxes, inventory taxes and estimated personal income taxes for new employees). Provide a forecast of the total tax revenues resulting from the Contract;
- (4) Subcontract dollars committed to Maryland small businesses and MBEs; and
- (5) Other benefits to the Maryland economy which the Offeror promises will result from awarding the Contract to the Offeror, including contractual commitments. Describe the benefit, its value to the Maryland economy, and how it will result from, or because of the Contract award. Offerors may commit to benefits that are not directly attributable to the Contract, but for which the Contract award may serve as a catalyst or impetus.

5.5 Volume II – Financial Proposal

Microsoft Word or Microsoft Excel of the Financial Proposal. The Financial Proposal shall contain all price information in the format specified in **Attachment B**. The Offeror shall complete the Financial Proposal Form only as provided in the Financial Proposal Instructions and the Financial Proposal Form itself.

SECTION 6 – EVALUATION AND SELECTION PROCESS

6.1 Evaluation Committee

Evaluation of Proposals will be performed in accordance with COMAR 21.05.03 by a committee established for that purpose and based on the evaluation criteria set forth below. The Evaluation Committee will review Proposals, participate in Offeror oral presentations and discussions, and provide input to the Procurement Officer. The Department reserves the right to utilize the services of individuals outside of the established Evaluation Committee for advice and assistance, as deemed appropriate.

6.2 Technical Proposal Evaluation Criteria

The criteria to be used to evaluate each Technical Proposal are listed below in descending order of importance. Unless stated otherwise, any subcriteria within each criterion have equal weight.

- 6.2.1 Offeror's Technical Response to RFP Requirements and Work Plan (See RFP § 5.4.2.6). The State prefers an Offeror's response to work requirements in the RFP that illustrates a comprehensive understanding of work requirements and mastery of the subject matter, including an explanation of how the work will be done. Proposals which include limited responses to work requirements such as "concur" or "will comply" will receive a lower ranking than those Proposals that demonstrate an understanding of the work requirements and include plans to meet or exceed them.
- 6.2.2 Experience and Qualifications of Proposed Staff (See RFP § 5.4.2.7)
- 6.2.3 Offeror Qualifications and Capabilities, including proposed Subcontractors (See RFP § 5.4.2.8 – 5.4.2.14)
- 6.2.4 Economic Benefit to State of Maryland (See RFP § 5.4.2.15)

6.3 Financial Proposal Evaluation Criteria

All Qualified Offerors will be ranked from the lowest (most advantageous) to the highest (least advantageous) price based on the Total Proposal Price within the stated guidelines set forth in this RFP and as submitted on **Attachment B** - Financial Proposal Form.

6.4 Reciprocal Preference

Although Maryland law does not generally authorize procuring units to favor resident Offerors in awarding procurement contracts, many other states do grant their resident businesses preferences over Maryland contractors. Therefore, COMAR 21.05.01.04 permits procuring units to apply a reciprocal preference in favor of a Maryland resident business under the following conditions:

- (1) The Maryland resident business is a responsible Offeror;
- (2) The most advantageous offer is from a responsible Offeror whose principal office or principal operations through which it would provide the services required under this RFP is in another state;
- (3) The other state gives a preference to its resident businesses through law, policy, or practice; and
- (4) The Maryland resident preference does not conflict with a federal law or grant affecting the procurement Contract.

The preference given shall be identical to the preference that the other state, through law, policy, or practice gives to its resident businesses.

6.5 Selection Procedures

6.5.1 **General.** The Contract will be awarded in accordance with the Competitive Sealed Proposals (CSP) method found at COMAR 21.05.03. The Competitive Sealed Proposals method allows for the conducting of discussions and the revision of Proposals during these discussions. Therefore, the State may conduct discussions with all Offerors that have submitted Proposals that are determined to be reasonably susceptible of being selected for contract award or potentially so. However, the State reserves the right to make an award without holding discussions.

In either case (i.e., with or without discussions), the State may determine an Offeror to be not responsible and/or an Offeror's Proposal to be not reasonably susceptible of being selected for award at any time after the initial closing date for receipt of Proposals and prior to Contract award. If the State finds an Offeror to be not responsible and/or an Offeror's Technical Proposal to be not reasonably susceptible of being selected for award, that Offeror's Financial Proposal will subsequently be returned if the Financial Proposal is unopened at the time of the determination.

6.5.2 Selection Process Sequence

6.5.2.1 A determination is made that the MDOT Certified MBE Utilization and Fair Solicitation Affidavit (**Attachment D-1A**) is included and properly completed, if there is an MBE goal. In addition, a determination is made that the VSBE Utilization Affidavit and Subcontractor Participation Schedule (**Attachment E-1**) is included and is properly completed, if there is a VSBE goal. Finally, a determination is made that all Minimum Qualifications, if any (See RFP Section 1), have been satisfied.

6.5.2.2 Technical Proposals are evaluated for technical merit and ranked. During this review, oral presentations and discussions may be held. The purpose of such discussions will be to assure a full understanding of the State's requirements and Offeror's ability to perform the services, as well as facilitate arrival at a Contract that is most advantageous to the State. Offerors will be contacted by the State as soon as any discussions are scheduled.

6.5.2.3 Offerors must confirm in writing any substantive oral clarifications of, or changes in, their Technical Proposals made in the course of discussions. Any such written clarifications or changes then become part of the Offeror's Technical Proposal. Technical Proposals are given a final review and ranked.

6.5.2.4 The Financial Proposal of each Qualified Offeror (a responsible Offeror determined to have submitted an acceptable Proposal) will be evaluated and ranked separately from the Technical evaluation. After a review of the Financial Proposals of Qualified Offerors, the Evaluation Committee or Procurement Officer may again conduct discussions to further evaluate the Offeror's entire Proposal.

6.5.2.5 When in the best interest of the State, the Procurement Officer may permit Qualified Offerors to revise their initial Proposals and submit, in writing, Best and Final Offers (BAFOs). The State may make an award without issuing a request for a BAFO.

6.5.3 **Award Determination.** Upon completion of the Technical Proposal and Financial Proposal evaluations and rankings, each Offeror will receive an overall ranking. The Procurement Officer will recommend award of the Contract to the responsible Offeror that submitted the Proposal determined to be the most advantageous to the State. In making this most advantageous Proposal determination, technical and financial factors will receive equal weight.

6.6 Documents Required upon Notice of Recommendation for Contract Award

Upon receipt of a Notification of Recommendation for Contract Award, the following documents shall be completed, signed if applicable with original signatures, and submitted by the recommended awardee within five (5) Business Days, unless noted otherwise. Submit three (3) copies of each of the following documents:

- (1) Contract (**Attachment M**),
- (2) Contract Affidavit (**Attachment N**),
- (3) MBE **Attachments D-2 and D-3A/B**, within ten (10) Business Days, if applicable; *see **Section 4.26**,
- (4) MBE Waiver Justification within ten (10) Business Days (see **MBE Waiver Guidance and forms in Attachments D-1B and D-1C**), if a waiver has been requested (if applicable; *see **Section 4.26**),
- (5) VSBE **Attachment E-2**, if applicable *see **Section 4.27**,
- (6) Non-Disclosure Agreement (**Attachment I**), if applicable; *see **Section 4.31**,
- (7) HIPAA Business Associate Agreement (**Attachment J**), if applicable; *see **Section 4.32**,
- (8) DHR Hiring Agreement, **Attachment O**, if applicable *see **Section 4.36**, and
- (9) Copy of a current Certificate of Insurance with the prescribed limits set forth in Section 3.1 “Insurance Requirements,” listing the State as an additional insured, if applicable; *see **Section 3.1**

B-1: FINANCIAL PROPOSAL INSTRUCTIONS

To assist Offerors in the preparation of their Financial Proposal and to comply with the requirements of this solicitation, Financial Proposal Instructions and a Financial Proposal Form have been prepared. Offerors shall submit their Financial Proposal on the Financial Proposal Form in accordance with the instructions on the Financial Proposal Form and as specified herein. Do not alter the Financial Proposal Form or the Proposal may be determined to be not reasonably susceptible of being selected for award. The Financial Proposal Form is to be signed and dated, where requested, by an individual who is authorized to bind the Offeror to the prices entered on the Financial Proposal Form.

The Financial Proposal Form is used to calculate the Offeror's TOTAL PROPOSAL PRICE. Follow these instructions carefully when completing your Financial Proposal Form:

- A) The Offeror will use the Excel Spreadsheet found under B-2, Proposal Form, to enter all data. The spreadsheet will only allow the Offeror to fill in labor hours; other cells within the spreadsheet are protected.
- B) All Unit Prices must be the actual price per unit the State will pay for the specific item or service identified in this RFP and may not be contingent on any other factor or condition in any manner.
- C) All Unit and Extended Prices must be clearly entered in dollars and cents, e.g., \$24.15. All calculations shall be rounded to the nearest cent, i.e., .344 shall be .34 and .345 shall be .35.
- D) Any goods or services required through this RFP and proposed by the vendor at **No Cost to the State** must be clearly entered in the Unit Price, if appropriate, with **\$0**.
- E) The Number of Hours for each Labor Category in the Financial Proposal Form shall be filled in. If no hours are proposed, enter 0.
- F) Except as instructed on the Financial Proposal Form, nothing shall be entered on or attached to the Financial Proposal Form that alters or proposes conditions or contingencies on the prices. Alterations and/or conditions may render the Proposal not reasonably susceptible of being selected for award.
- G) It is imperative that the numbers included on the Financial Proposal Form have been entered correctly and calculated accurately by the Offeror. Any incorrect entries by the Offeror will be treated as provided in COMAR 21.05.03.03, and may cause the Proposal to be rejected.
- I) All Financial Proposal prices (Labor Category Rate * Number of Hours) are to be fully loaded prices that include all costs/expenses associated with the provision of services as required by the RFP. The Financial Proposal price shall include, but is not limited to, all: labor, profit/overhead, general operating, administrative, and all other expenses and costs necessary to perform the work set forth in the solicitation. No other amounts will be paid to the Contractor.
- J) Unless indicated elsewhere in the RFP, sample amounts used for calculations on the Financial Proposal Form are typically estimates for evaluation purposes only. Unless stated otherwise in the RFP, the Department does not guarantee a minimum or maximum number of units or usage in the performance of this Contract.
- K) The labor rate for Subject Matter Expert, represents a Not-to-Exceed (NTE) value of \$500.00/hour for the course of the Contract. The addition of Subject Matter Experts will be considered on a case by case basis and must be individually preapproved in writing by the State Contract Monitor. Approved labor rates for Subject Matter Experts may be lower than or equal to, but cannot exceed, the NTE value of \$500.00/hour.

L) Failure to adhere to any of these instructions may result in the Proposal being determined not reasonably susceptible of being selected for award.

B. CERTIFICATION REGARDING COMMERCIAL NONDISCRIMINATION

The undersigned Offeror hereby certifies and agrees that the following information is correct: In preparing its Proposal on this project, the Offeror has considered all Proposals submitted from qualified, potential subcontractors and suppliers, and has not engaged in “discrimination” as defined in § 19-103 of the State Finance and Procurement Article of the Annotated Code of Maryland. “Discrimination” means any disadvantage, difference, distinction, or preference in the solicitation, selection, hiring, or commercial treatment of a vendor, subcontractor, or commercial customer on the basis of race, color, religion, ancestry, or national origin, sex, age, marital status, sexual orientation, sexual identity, or on the basis of disability or any otherwise unlawful use of characteristics regarding the vendor’s, supplier’s, or commercial customer’s employees or owners. “Discrimination” also includes retaliating against any person or other entity for reporting any incident of “discrimination”. Without limiting any other provision of the solicitation on this project, it is understood that, if the certification is false, such false certification constitutes grounds for the State to reject the Proposal submitted by the Offeror on this project, and terminate any contract awarded based on the Proposal. As part of its Proposal, the Offeror herewith submits a list of all instances within the past four (4) years where there has been a final adjudicated determination in a legal or administrative proceeding in the State of Maryland that the Offeror discriminated against subcontractors, vendors, suppliers, or commercial customers, and a description of the status or resolution of that determination, including any remedial action taken. - (2) Fail to notify the certified minority business enterprise before execution of the contract of its inclusion in the Proposal;
- (3) Fail to use the certified minority business enterprise in the performance of the contract; or
- (4) Pay the certified minority business enterprise solely for the use of its name in the Proposal.

Without limiting any other provision of the solicitation on this project, it is understood that if the certification is false, such false certification constitutes grounds for the State to reject the Proposal submitted by the Offeror on this project, and terminate any contract awarded based on the Proposal.

B-2. CERTIFICATION REGARDING VETERAN-OWNED SMALL BUSINESS ENTERPRISES

MBE UTILIZATION AND FAIR SOLICITATION AFFIDAVIT
& MBE PARTICIPATION SCHEDULE - INSTRUCTIONS

PLEASE READ BEFORE COMPLETING THIS DOCUMENT

This form includes Instructions and the MBE Utilization and Fair Solicitation Affidavit & MBE Participation Schedule which must be submitted with the Proposal. If the Offeror fails to accurately complete and submit this Affidavit and Schedule with the Proposal as required, the Procurement Officer shall determine that the Proposal is not reasonably susceptible of being selected for award.

1. Contractor shall structure its procedures for the performance of the work required in this Contract to attempt to achieve the minority business enterprise (MBE) subcontractor participation goal stated in the Request for Proposals. Contractor agrees to exercise good faith efforts to carry out the requirements set forth in these Instructions, as authorized by the Code of Maryland Regulations (COMAR) 21.11.03.
2. MBE Goals and Subgoals: Please review the solicitation for information regarding the Contract's MBE overall participation goals and subgoals. After satisfying the requirements for any established subgoals, the Contractor is encouraged to use a diverse group of subcontractors and suppliers from any/all of the various MBE classifications to meet the remainder of the overall MBE participation goal.
3. MBE means a minority business enterprise that is certified by the Maryland Department of Transportation ("MDOT"). Only MBEs certified by MDOT may be counted for purposes of achieving the MBE participation goals. In order to be counted for purposes of achieving the MBE participation goals, the MBE firm, including an MBE Prime, must be MDOT-certified for the services, materials or supplies that it is committed to perform on the MBE Participation Schedule.
4. Please refer to the MDOT MBE Directory at www.mdot.state.md.us to determine if a firm is certified with the appropriate North American Industry Classification System ("NAICS") Code **and** the product/services description (specific product that a firm is certified to provide or specific areas of work that a firm is certified to perform). For more general information about NAICS, please visit www.naics.com. Only those specific products and/or services for which a firm is certified in the MDOT Directory can be used for purposes of achieving the MBE participation goals. **WARNING:** If the firm's NAICS Code is in **graduated status**, such services/products **may not be counted** for purposes of achieving the MBE participation goals. A NAICS Code is in the graduated status if the term "Graduated" follows the Code in the MDOT MBE Directory.
5. **Guidelines Regarding MBE Prime Self-Performance:** Please note that when a certified MBE firm participates as a Prime contractor on a Contract, a procurement agency may count the distinct, clearly defined portion of the work of the Contract that the certified MBE firm performs with its own workforce toward fulfilling up to, but no more than, fifty-percent (50%) of the MBE participation goal (overall), including up to one hundred percent (100%) of not more than one of the MBE participation subgoals, if any, established for the Contract.
 - ✓ In order to receive credit for self-performance, an MBE Prime must be certified in the appropriate NAICS code to do the work and must list its firm in the MBE Participation Schedule, including the certification category under which the MBE Prime is self-performing and include information regarding the work it will self-perform.
 - ✓ For the remaining portion of the overall goal and the remaining subgoals, the MBE Prime must also identify on the MBE Participation Schedule the other certified MBE subcontractors used to meet those goals or request a waiver.

- ✓ These guidelines apply to the work performed by the MBE Prime that can be counted for purposes of meeting the MBE participation goals. These requirements do not affect the MBE Prime’s ability to self-perform a greater portion of the work in excess of what is counted for purposes of meeting the MBE participation goals.
 - ✓ Please note that the requirements to meet the MBE participation overall goal and subgoals are distinct and separate. If the Contract has subgoals, regardless of MBE Prime’s ability to self-perform up to 50% of the overall goal (including up to 100% of any subgoal), the MBE Prime must either commit to other MBEs for each of any remaining subgoals or request a waiver. As set forth in **Attachment D1-B** Waiver Guidance, the MBE Prime’s ability to self-perform certain portions of the work of the Contract will not be deemed a substitute for the good faith efforts to meet any remaining subgoal or the balance of the overall goal.
 - ✓ In certain instances where the percentages allocated to MBE participation subgoals add up to more than 50% of the overall goal, the portion of self-performed work that an MBE Prime may count toward the overall goal may be limited to less than 50%. Please refer to GOMA’s website (www.goma.maryland.gov) for the MBE Prime Regulations Q&A for illustrative examples.
6. Subject to items 1 through 5 above, when a certified MBE performs as a participant in a joint venture, a procurement agency may count a portion of the total dollar value of the Contract equal to the distinct, clearly-defined portion of the work of the Contract that the certified MBE performs with its own workforce towards fulfilling the Contract goal, and not more than one of the Contract subgoals, if any.
 7. As set forth in COMAR 21.11.03.12-1, once the Contract work begins, the work performed by a certified MBE firm, including an MBE prime, can only be counted towards the MBE participation goal(s) if the MBE firm is performing a commercially useful function on the Contract. Please refer to COMAR 21.11.03.12-1 for more information regarding these requirements.
 8. If you have any questions as to whether a firm is certified to perform the specific services or provide specific products, please contact MDOT’s Office of Minority Business Enterprise at 1-800-544-6056 or via email to mbe@mdot.state.md.us sufficiently prior to the submission due date.
 9. Worksheet: The percentage of MBE participation, calculated using the percentage amounts for all of the MBE firms listed on the Participation Schedule MUST at least equal the MBE participation goal **and** subgoals (if applicable) set forth in the solicitation. If an Offeror is unable to achieve the MBE participation goal and/or any subgoals (if applicable), the Offeror must request a waiver in Item 1 of the MBE Utilization and Fair Solicitation Affidavit (**Attachment D-1A**) or the Proposal will be determined to be not susceptible of being selected for award. You may wish to use the Subgoal summary below to assist in calculating the percentages and confirm that you have met the applicable MBE participation goal and subgoals, if any.

WAIVER GUIDANCE

**GUIDANCE FOR DOCUMENTING GOOD FAITH EFFORTS TO MEET MBE
PARTICIPATION GOALS**

In order to show that it has made good faith efforts to meet the Minority Business Enterprise (MBE) participation goal (including any MBE subgoals) on a contract, the Offeror must either (1) meet the MBE Goal(s) and document its commitments for participation of MBE Firms, or (2) when it does not meet the MBE Goal(s), document its Good Faith Efforts to meet the goal(s).

I. Definitions

MBE Goal(s) – “MBE Goal(s)” refers to the MBE participation goal and MBE participation subgoal(s).

Good Faith Efforts – The “Good Faith Efforts” requirement means that when requesting a waiver, the Offeror must demonstrate that it took all necessary and reasonable steps to achieve the MBE Goal(s), which, by their scope, intensity, and appropriateness to the objective, could reasonably be expected to obtain sufficient MBE participation, even if those steps were not fully successful. Whether an Offeror that requests a waiver made adequate good faith efforts will be determined by considering the quality, quantity, and intensity of the different kinds of efforts that the Offeror has made. The efforts employed by the Offeror should be those that one could reasonably expect an Offeror to take if the Offeror were actively and aggressively trying to obtain MBE participation sufficient to meet the MBE contract goal and subgoals. Mere *pro forma* efforts are not good faith efforts to meet the MBE contract requirements. The determination concerning the sufficiency of the Offeror’s good faith efforts is a judgment call; meeting quantitative formulas is not required.

Identified Firms – “Identified Firms” means a list of the MBEs identified by the procuring agency during the goal setting process and listed in the procurement as available to perform the Identified Items of Work. It also may include additional MBEs identified by the Offeror as available to perform the Identified Items of Work, such as MBEs certified or granted an expansion of services after the procurement was issued. If the procurement does not include a list of Identified Firms, this term refers to all of the MBE Firms (if State-funded) the Offeror identified as available to perform the Identified Items of Work and should include all appropriately certified firms that are reasonably identifiable.

Identified Items of Work – “Identified Items of Work” means the Proposal items identified by the procuring agency during the goal setting process and listed in the procurement as possible items of work for performance by MBE Firms. It also may include additional portions of items of work the Offeror identified for performance by MBE Firms to increase the likelihood that the MBE Goal(s) will be achieved. If the procurement does not include a list of Identified Items of Work, this term refers to all of the items of work the Offeror identified as possible items of work for performance by MBE Firms and should include all reasonably identifiable work opportunities.

MBE Firms – “MBE Firms” refers to firms certified by the Maryland Department of Transportation (“MDOT”) under COMAR 21.11.03. Only MDOT-certified MBE Firms can participate in the State’s MBE Program.

II. Types of Actions Agency will Consider

The Offeror is responsible for making relevant portions of the work available to MBE subcontractors and suppliers and select those portions of the work or material needs consistent with the available MBE subcontractors and suppliers, so as to facilitate MBE participation. The following is a list of types of actions the procuring agency will consider as part of the Offeror's Good Faith Efforts when the Offeror fails to meet the MBE Goal(s). This list is not intended to be a mandatory checklist, nor is it intended to be exclusive or exhaustive. Other factors or types of efforts may be relevant in appropriate cases.

A. Identify Proposal Items as Work for MBE Firms

1. Identified Items of Work in Procurements
 - (a) Certain procurements will include a list of Proposal items identified during the goal setting process as possible work for performance by MBE Firms. If the procurement provides a list of Identified Items of Work, the Offeror shall make all reasonable efforts to solicit quotes from MBE Firms to perform that work.
 - (b) Offerors may, and are encouraged to, select additional items of work to be performed by MBE Firms to increase the likelihood that the MBE Goal(s) will be achieved.
2. Identified Items of Work by Offerors
 - (a) When the procurement does not include a list of Identified Items of Work or for additional Identified Items of Work, Offerors should reasonably identify sufficient items of work to be performed by MBE Firms.
 - (b) Where appropriate, Offerors should break out contract work items into economically feasible units to facilitate MBE participation, rather than perform these work items with their own forces. The ability or desire of a Prime contractor to perform the work of a contract with its own organization does not relieve the Offeror of the responsibility to make Good Faith Efforts.

B. Identify MBE Firms to Solicit

1. MBE Firms Identified in Procurements
 - (a) Certain procurements will include a list of the MBE Firms identified during the goal setting process as available to perform the items of work. If the procurement provides a list of Identified MBE Firms, the Offeror shall make all reasonable efforts to solicit those MBE firms.
 - (b) Offerors may, and are encouraged to, search the MBE Directory to identify additional MBEs who may be available to perform the items of work, such as MBEs certified or granted an expansion of services after the solicitation was issued.
2. MBE Firms Identified by Offerors
 - (a) When the procurement does not include a list of Identified MBE Firms, Offerors should reasonably identify the MBE Firms that are available to perform the Identified Items of Work.
 - (b) Any MBE Firms identified as available by the Offeror should be certified to perform the Identified Items of Work.

C. Solicit MBEs

1. Solicit all Identified Firms for all Identified Items of Work by providing written notice. The Offeror should:
 - (a) provide the written solicitation at least 10 days prior to Proposal opening to allow sufficient time for the MBE Firms to respond;
 - (b) send the written solicitation by first-class mail, facsimile, or email using contact information in the MBE Directory, unless the Offeror has a valid basis for using different contact information; and
 - (c) provide adequate information about the plans, specifications, anticipated time schedule for portions of the work to be performed by the MBE, and other requirements of the contract to assist MBE Firms in responding. (This information may be provided by including hard copies in the written solicitation or by electronic means as described in C.3 below.)

2. “All” Identified Firms includes the MBEs listed in the procurement and any MBE Firms you identify as potentially available to perform the Identified Items of Work, but it does not include MBE Firms who are no longer certified to perform the work as of the date the Offeror provides written solicitations.
3. “Electronic Means” includes, for example, information provided *via* a website or file transfer protocol (FTP) site containing the plans, specifications, and other requirements of the contract. If an interested MBE cannot access the information provided by electronic means, the Offeror must make the information available in a manner that is accessible to the interested MBE.
4. Follow up on initial written solicitations by contacting MBEs to determine if they are interested. The follow up contact may be made:
 - (a) by telephone using the contact information in the MBE Directory, unless the Offeror has a valid basis for using different contact information; or
 - (b) in writing *via* a method that differs from the method used for the initial written solicitation.
5. In addition to the written solicitation set forth in C.1 and the follow up required in C.4, use all other reasonable and available means to solicit the interest of MBE Firms certified to perform the work of the contract. Examples of other means include:
 - (a) attending any pre-proposal meetings at which MBE Firms could be informed of contracting and subcontracting opportunities; and
 - (b) if recommended by the procurement, advertising with or effectively using the services of at least two minority focused entities or media, including trade associations, minority/women community organizations, minority/women contractors’ groups, and local, state, and federal minority/women business assistance offices listed on the MDOT Office of Minority Business Enterprise website.

D. Negotiate With Interested MBE Firms

Offerors must negotiate in good faith with interested MBE Firms.

1. Evidence of negotiation includes, without limitation, the following:
 - (a) the names, addresses, and telephone numbers of MBE Firms that were considered;
 - (b) a description of the information provided regarding the plans and specifications for the work selected for subcontracting and the means used to provide that information; and
 - (c) evidence as to why additional agreements could not be reached for MBE Firms to perform the work.
2. An Offeror using good business judgment would consider a number of factors in negotiating with subcontractors, including MBE subcontractors, and would take a firm's price and capabilities as well as contract goals into consideration.
3. The fact that there may be some additional costs involved in finding and using MBE Firms is not in itself sufficient reason for an Offeror’s failure to meet the contract MBE goal(s), as long as such costs are reasonable. Factors to take into consideration when determining whether an MBE Firm’s quote is excessive or unreasonable include, without limitation, the following:
 - (a) dollar difference between the MBE subcontractor’s quote and the average of the other subcontractors’ quotes received by the Offeror;
 - (b) percentage difference between the MBE subcontractor’s quote and the average of the other subcontractors’ quotes received by the Offeror;
 - (c) percentage that the MBE subcontractor’s quote represents of the overall contract amount;
 - (d) number of MBE firms that the Offeror solicited for that portion of the work;
 - (e) whether the work described in the MBE and Non-MBE subcontractor quotes (or portions thereof) submitted for review is the same or comparable; and
 - (f) number of quotes received by the Offeror for that portion of the work.

4. The above factors are not intended to be mandatory, exclusive, or exhaustive, and other evidence of an excessive or unreasonable price may be relevant.
5. The Offeror may not use its price for self-performing work as a basis for rejecting an MBE Firm's quote as excessive or unreasonable.
6. The "average of the other subcontractors' quotes received" by the Offeror refers to the average of the quotes received from all subcontractors. Offeror should attempt to receive quotes from at least three subcontractors, including one quote from an MBE and one quote from a Non-MBE.
7. An Offeror shall not reject an MBE Firm as unqualified without sound reasons based on a thorough investigation of the firm's capabilities. For each certified MBE that is rejected as unqualified or that placed a subcontract quotation or offer that the Offeror concludes is not acceptable, the Offeror must provide a written detailed statement listing the reasons for this conclusion. The Offeror also must document the steps taken to verify the capabilities of the MBE and Non-MBE Firms quoting similar work.
 - (a) The factors to take into consideration when assessing the capabilities of an MBE Firm, include, but are not limited to the following: financial capability, physical capacity to perform, available personnel and equipment, existing workload, experience performing the type of work, conduct and performance in previous contracts, and ability to meet reasonable contract requirements.
 - (b) The MBE Firm's standing within its industry, membership in specific groups, organizations, or associations and political or social affiliations (for example union vs. non-union employee status) are not legitimate causes for the rejection or non-solicitation of bids in the efforts to meet the project goal.

E. Assisting Interested MBE Firms

When appropriate under the circumstances, the decision-maker will consider whether the Offeror made reasonable efforts to assist interested MBR Firms in obtaining:

1. The bonding, lines of credit, or insurance required by the procuring agency or the Offeror; and
2. Necessary equipment, supplies, materials, or related assistance or services.

III. Other Considerations

In making a determination of Good Faith Efforts the decision-maker may consider engineering estimates, catalogue prices, general market availability and availability of certified MBE Firms in the area in which the work is to be performed, other bids or offers and subcontract bids or offers substantiating significant variances between certified MBE and Non-MBE costs of participation, and their impact on the overall cost of the contract to the State and any other relevant factors.

The decision-maker may take into account whether an Offeror decided to self-perform subcontract work with its own forces, especially where the self-performed work is Identified Items of Work in the procurement. The decision-maker also may take into account the performance of other Offerors in meeting the contract. For example, when the apparent successful Offeror fails to meet the contract goal, but others meet it, this reasonably raises the question of whether, with additional reasonable efforts, the apparent successful Offeror could have met the goal. If the apparent successful Offeror fails to meet the goal, but meets or exceeds the average MBE participation obtained by other Offerors, this, when viewed in conjunction with other factors, could be evidence of the apparent successful Offeror having made Good Faith Efforts.

IV. Documenting Good Faith Efforts

At a minimum, an Offeror seeking a waiver of the MBE Goal(s) or a portion thereof must provide written documentation of its Good Faith Efforts, in accordance with COMAR 21.11.03.11, within 10 business days after receiving notice that it is the apparent awardee. The written documentation shall include the following:

A. Items of Work (Complete Good Faith Efforts Documentation Attachment D-1C, Part 1)

A detailed statement of the efforts made to select portions of the work proposed to be performed by certified MBE Firms in order to increase the likelihood of achieving the stated MBE Goal(s).

B. Outreach/Solicitation/Negotiation

1. The record of the Offeror's compliance with the outreach efforts prescribed by COMAR 21.11.03.09C(2)(a). **(Complete Outreach Efforts Compliance Statement – Attachment D-2).**
2. A detailed statement of the efforts made to contact and negotiate with MBE Firms including:
 - (a) the names, addresses, and telephone numbers of the MBE Firms who were contacted, with the dates and manner of contacts (letter, fax, email, telephone, etc.) **(Complete Good Faith Efforts Attachment D-1C-Part 2, and submit letters, fax cover sheets, emails, etc. documenting solicitations);** and
 - (b) a description of the information provided to MBE Firms regarding the plans, specifications, and anticipated time schedule for portions of the work to be performed and the means used to provide that information.

C. Rejected MBE Firms (Complete Good Faith Efforts Attachment D-1C, Part 3)

1. For each MBE Firm that the Offeror concludes is not acceptable or qualified, a detailed statement of the reasons for the Offeror's conclusion, including the steps taken to verify the capabilities of the MBE and Non-MBE Firms quoting similar work.
2. For each certified MBE Firm that the Offeror concludes has provided an excessive or unreasonable price, a detailed statement of the reasons for the Offeror's conclusion, including the quotes received from all MBE and Non-MBE firms bidding on the same or comparable work. **(Include copies of all quotes received.)**
3. A list of MBE Firms contacted but found to be unavailable. This list should be accompanied by an MBE Unavailability Certificate (see **D-1B - Exhibit A** to this Part 1) signed by the MBE contractor or a statement from the Offeror that the MBE contractor refused to sign the MBE Unavailability Certificate.

D. Other Documentation

1. Submit any other documentation requested by the Procurement Officer to ascertain the Offeror's Good Faith Efforts.
2. Submit any other documentation the Offeror believes will help the Procurement Officer ascertain its Good Faith Efforts.

Identify those items of work that the Offeror made available to MBE Firms. This includes, where appropriate, those items the Offeror identified and determined to subdivide into economically feasible units to facilitate the MBE participation. For each item listed, show the anticipated percentage of the total contract amount. It is the Offeror’s responsibility to demonstrate that sufficient work to meet the goal was made available to MBE Firms, and the total percentage of the items of work identified for MBE participation equals or exceeds the percentage MBE goal set for the procurement. Note: If the procurement includes a list of Proposal items identified during the goal setting process as possible items of work for performance by MBE Firms, the Offeror should make all of those items of work available to MBE Firms or explain why that item was not made available. If the Offeror selects additional items of work to make available to MBE Firms, those additional items should also be included below.

Identify the MBE Firms solicited to provide quotes for the Identified Items of Work made available for MBE participation. Include the name of the MBE Firm solicited, items of work for which quotes were solicited, date and manner of initial and follow-up solicitations, whether the MBE provided a quote, and whether the MBE is being used to meet the MBE participation goal. MBE Firms used to meet the participation goal must be included on the MBE Participation Schedule. Note: If the procurement includes a list of the MBE Firms identified during the goal setting process as potentially available to perform the items of work, the Offeror should solicit all of those MBE Firms or explain why a specific MBE was not solicited. If the Offeror identifies additional MBE Firms who may be available to perform Identified Items of Work, those additional MBE Firms should also be included below. Copies of all written solicitations and documentation of follow-up calls to MBE Firms must be attached to this form. This list should be accompanied by a Minority Contractor Unavailability Certificate signed by the MBE contractor or a statement from the Offeror that the MBE contractor refused to sign the Minority Contractor Unavailability Certificate (see **Attachment D-1B – Exhibit A**). If the Offeror used a Non-MBE or is self-performing the identified items of work, Part 3 must be completed.

VSBE Utilization Affidavit and Prime/Subcontractor Participation Schedule

(submit with Proposal)

This document **MUST BE** included with the Proposal. If the Offeror fails to complete and submit this form with the Proposal, the procurement officer may determine that the Proposal is not reasonably susceptible of being selected for award.

In conjunction with the Proposal submitted in response to Solicitation No. RFP-K00R8400008 , I affirm the following:

1. I acknowledge and intend to meet the overall verified VSBE participation goal indicated in the RFP Key Information Summary Sheet (near the beginning of the solicitation, after the Title Page and Notice to Vendors). Therefore, I will not be seeking a waiver.

OR

- I conclude that I am unable to achieve the VSBE participation goal. I hereby request a waiver, in whole or in part, of the overall goal. Within 10 business days of receiving notice that our firm is the apparent awardee, I will submit all required waiver documentation in accordance with COMAR 21.11.13.07. If this request is for a partial waiver, I have identified the portion of the VSBE goal that I intend to meet.
2. I understand that if I am notified that I am the apparent awardee, I must submit the following additional documentation within 10 days of receiving notice of the apparent award or from the date of conditional award (per COMAR 21.11.13.06), whichever is earlier.
 - (a) Subcontractor Project Participation Statement (**Attachment E-2**); and
 - (b) Any other documentation, including waiver documentation, if applicable, required by the Procurement Officer to ascertain Offeror responsibility in connection with the VSBE participation goal.

I understand that if I fail to return each completed document within the required time, the Procurement Officer may determine that I am not responsible and therefore not eligible for contract award. If the contract has already been awarded, the award is voidable.

3. In the solicitation of subcontract quotations or offers, VSBE subcontractors were provided not less than the same information and amount of time to respond as were non-VSBE subcontractors.
4. Set forth below are the (i) verified VSBEs I intend to use and (ii) the percentage of the total contract amount allocated to each VSBE for this project. I hereby affirm that the VSBE firms are only providing those products and services for which they are verified.

Living Wage Requirements for Service Contracts

- A. This contract is subject to the Living Wage requirements under Md. Code Ann., State Finance and Procurement Article, Title 18, and the regulations proposed by the Commissioner of Labor and Industry (Commissioner). The Living Wage generally applies to a Contractor or Subcontractor who performs work on a State contract for services that is valued at \$100,000 or more. An employee is subject to the Living Wage if he/she is at least 18 years old or will turn 18 during the duration of the contract; works at least 13 consecutive weeks on the State Contract and spends at least one-half of the employee’s time during any work week on the State Contract.

- B. The Living Wage Law does not apply to:
 - (1) A Contractor who:
 - (a) Has a State contract for services valued at less than \$100,000, or
 - (b) Employs 10 or fewer employees and has a State contract for services valued at less than \$500,000.

 - (2) A Subcontractor who:
 - (a) Performs work on a State contract for services valued at less than \$100,000,
 - (b) Employs 10 or fewer employees and performs work on a State contract for services valued at less than \$500,000, or
 - (c) Performs work for a Contractor not covered by the Living Wage Law as defined in B(1)(b) above, or B(3) or C below.

 - (3) Service contracts for the following:
 - (a) Services with a Public Service Company;

 - (c) Services with an officer or other entity that is in the Executive Branch of the State government and is authorized by law to enter into a procurement (“Unit”); or
 - (d) Services between a Unit and a County or Baltimore City.

- C. If the Unit responsible for the State contract for services determines that application of the Living Wage would conflict with any applicable federal program, the Living Wage does not apply to the contract or program.

- D. A Contractor must not split or subdivide a State contract for services, pay an employee through a third party, or treat an employee as an independent Contractor or assign work to employees to avoid the imposition of any of the requirements of Md. Code Ann., State Finance and Procurement Article, Title 18.

- E. Each Contractor/Subcontractor, subject to the Living Wage Law, shall post in a prominent and easily accessible place at the work site(s) of covered employees a notice of the Living Wage Rates, employee rights under the law, and the name, address, and telephone number of the Commissioner.

- F. The Commissioner shall adjust the wage rates by the annual average increase or decrease, if any, in the Consumer Price Index for all urban consumers for the Washington/Baltimore metropolitan area, or any successor index, for the previous calendar year, not later than 90 days after the start of each fiscal year. The Commissioner shall publish any adjustments to the wage rates on the Division of Labor and Industry's website. An employer subject to the Living Wage Law must comply with the rate requirements during the initial term of the contract and all subsequent renewal periods, including any increases in the wage rate, required by the Commissioner, automatically upon the effective date of the revised wage rate.
- G. A Contractor/Subcontractor who reduces the wages paid to an employee based on the employer's share of the health insurance premium, as provided in Md. Code Ann., State Finance and Procurement Article, §18-103(c), shall not lower an employee's wage rate below the minimum wage as set in Md. Code Ann., Labor and Employment Article, §3-413. A Contractor/Subcontractor who reduces the wages paid to an employee based on the employer's share of health insurance premium shall comply with any record reporting requirements established by the Commissioner.
- H. A Contractor/Subcontractor may reduce the wage rates paid under Md. Code Ann., State Finance and Procurement Article, §18-103(a), by no more than 50 cents of the hourly cost of the employer's contribution to an employee's deferred compensation plan. A Contractor/Subcontractor who reduces the wages paid to an employee based on the employer's contribution to an employee's deferred compensation plan shall not lower the employee's wage rate below the minimum wage as set in Md. Code Ann., Labor and Employment Article, §3-413.
- I. Under Md. Code Ann., State Finance and Procurement Article, Title 18, if the Commissioner determines that the Contractor/Subcontractor violated a provision of this title or regulations of the Commissioner, the Contractor/Subcontractor shall pay restitution to each affected employee, and the State may assess liquidated damages of \$20 per day for each employee paid less than the Living Wage.
- J. Information pertaining to reporting obligations may be found by going to the Division of Labor and Industry website <http://www.dlir.state.md.us/labor/prev/livingwage.shtml>.
