

Deep Creek Lake

Coves with limited space for
towing and wake surfing

Maryland law states that a person may not operate or give permission to operate a watercraft for the purpose of wake surfing less than 200 feet from a shoreline, marine structure (pier, dock, piling, jetty, bridge structure, abutment, bulkhead, regulatory buoy, channel marker, floating platform anchored to the bottom and used for embarking and disembarking from boats, swimming or water skiing) and other vessels operating in the area or at anchor or moored or an individual or individuals in the water. 08.18.01.09

A motorboat towing an individual or individuals on water skis, aquaplane, or other similar device shall keep at all times at least 100 feet from the shore, wharf, pier, piling, jetty, bridge structure or abutment, or an individual or individuals in the water. When passing another vessel, the operator of the towing vessel shall stay at least 100 feet away from the other vessel. 08.18.01.06
