

## **Terms and Conditions for Use of Third-Party Rental Recreational Vehicle (RV) & Camping Units at Maryland State Park Campgrounds**

The Maryland Park Service allows third-party rental units including vans, coaches, caravans, trailers, towables, campers, motor homes, RV, or other recreational vehicles (“third-party rental units”), which provide Park visitors with the opportunity to camp in our many state park campgrounds. To use a third-party rental unit for your stay at one of our state parks, you must read and agree to the following terms and conditions for such usage as well as all applicable individual park policies:

1. Campsite reservations must be made in accordance with Maryland Park Service policy.
2. State Park campsite reservation holders may use and occupy a third-party rental unit at their registered campsite.
3. All third-party rental units must have identification (sticker, logo, label, or etc.) that is visible to park staff and includes the third-party rental unit owner’s name, as such name is stated upon the registration for the unit with the Motor Vehicle Administration in the state in which it is registered, and the owner’s phone number.
4. The reservation holder agrees to make all arrangements related to the reservation of a third-party rental unit with the owner of that unit, be it a company or individual, and for delivery to be made to the registered campsite. The reservation holder must provide the rental unit owner with either a copy of their reservation confirmation or their registration name, campsite number, and duration of the reservation.
5. Reservation holders are solely responsible for arranging the delivery and pick-up of any third-party rental unit during normal check-in and check-out hours as posted for each individual park. All park specific check-in procedures and park rules and regulations apply.
6. Maryland Park Service staff will not be responsible for, nor make arrangements to receive, store, monitor, or move any third-party rental unit rented by a registered camper.
7. The reservation holder should make reasonable efforts to accompany the third-party rental unit owner into the campground at the time of delivery and pick-up of the rental unit. If the reservation holder is not able to accompany the unit owner, the reservation holder agrees that they are and remain solely and fully responsible for the unit as soon as it is delivered onto State Park property. The State of Maryland, and the Department of Natural Resources accept no responsibility for any rental units used or occupied on campgrounds operated by the Maryland Park Service.
8. The Maryland Park Service staff will not be available and will not agree to any obligation related to delivery, pick up, or storage of a third-party rental unit.
9. Any third-party rental unit left at the park campsite beyond the check-out time of the camper’s reservation will be subject to towing and storage charges at the third-party rental unit owner’s expense.

10. Third-party rental unit owners may not purchase and/or resell Maryland Park Service campsites.
11. All funds exchanged because of the rental transaction shall occur in advance of the delivery of the unit onto State property.
12. Cleaning of third-party rental units for purposes of preparing the unit for a subsequent rental is prohibited within the park campground or on park campsites and must be done off site.
13. If generators are provided along with the third-party rental unit for operation of the unit, they must be used in compliance with Maryland Park Service policies and regulations and may not be operated during park Quiet Hours 10:00 pm- 7:00 am, unless otherwise posted.
14. Repeated violations of park rules related to third-party rental units may result in legal and/or equitable remedies being sought against the reservation holder and/or the third-party rental unit owner.

I have read and understand these terms and conditions and agree to be bound by the same:
