

# GAMBRILL STATE PARK'S TEA ROOM

## Features of the Tea Room

The Tea Room has been a popular feature of Gambrill State Park for over 75 years. Constructed from native-stone, the building was built by the CCC in the mid-1930's. It was originally designed by the Civilian Conservation Corps for community events and gatherings. Today, the building continues this tradition as one of the areas most popular locations for weddings, family reunions, business meetings and other special events.

The Tea Room provides users with a kitchen, dining room and two restrooms. The kitchen allows for cooking, food preparation and serving, with a refrigerator, sink and both conventional and microwave ovens. Tables (both circular and rectangular), chairs and firewood are also provided. The building is available for rent from April through October, and can accommodate up to 55 people – with standing room only, or can seat 36 comfortably at 5 round tables.

The view from the stone balcony of the Middletown valley and Catoctin Mountains is one of the most photographed in the park. In clear weather it is possible to see as far as Virginia.

Please note that pets of any type (other than service animals) are not allowed in the Tea Room.

- I am concerned that some of my guests may not be able to find the Tea Room. Can I put up signs or decorations to help guide them to the Tea Room?
  - Signs along the roadway are controlled by the county or state highway departments. They should be consulted prior to placing signs. Because Gambrill is a public park the use of signs, balloons, etc in the park to direct guest is NOT allowed.
