

Charles County - Potomac River – Westmoreland (VA) State Park

What was proposed?

The Department proposed establishing a minimum wake speed zone on the Potomac River at Westmoreland State Park. Westmoreland State Park is located on the Virginia side of the river and is a popular area for water activities. The proposed action creates a minimum wake speed zone that is approximately 800 yards in length, extends 100 yards from shore, and is effective at all times during the boating season (April 15 through October 15). The zone begins at the park's boat ramp and encompasses the day use beach area.

Map of proposed minimum wake zone area

Why is this change necessary?

The proposed action addresses safety concerns at a heavily used state park during the summer months. The minimum wake zone will reduce speeds of personal watercraft and boats, and reduce the risk of accidents and physical harm from vessel traffic interacting with individuals on the beach and in the swimming area.

Who will this affect?

All boaters and personal watercraft operating in the vicinity of Westmoreland State Park.

What is the specific regulatory action?

Amend Regulation .05 under COMAR 08.18.21 Potomac River.

Have these changes been discussed with advisory bodies or other interested individuals?

- The idea was scoped with the Boat Act Advisory Committee at their meeting in September 2025.
- The idea was scoped with the general public from June 23, 2025, through August 3, 2025.

Regulatory Process

The Department is following our normal procedures as this concept moved forward.

At the conclusion of the scoping process, the Department determined that the action is necessary and appropriate. The rules are being promulgated following the Administrative Procedures Act described in Title 10, Subtitle 1 of the State Government Article Annotated Code of Maryland.

- The General Assembly's Administrative, Executive, and Legislative Review Committee reviews the regulatory proposal for fiscal and legal analysis.
- The proposal was printed by the Division of State Documents in the Maryland Register on December 12, 2025.
- A 30 day public comment period began on the day of publication. The comment period ends January 12, 2026.
- After review of the comments, the Department may adopt the changes.
- If the Department adopts the changes, they become effective after a notice is published in the Maryland Register that announces approval and the effective date.

Effective Date of Change

The Department projects that this change could be effective February 2026, however the exact date cannot be determined at this time.
