STAFF PRESENTATIONS

PROGRAM SUBCOMMITTEE:

Refinement: Town of Leonardtown – Text Amendment to Allow the Use of Growth Allocation for New IDAs less than 20 acres (St. Mary’s County)

Ms. Annie Sekerak presented a refinement to the Town of Leonardtown’s Critical Area Program in the form of a text amendment for new IDAs less than 20 acres. Ms. Sekerak reviewed her staff report, which is incorporated into and made a part of these minutes.

On February 13, 2023, the Leonardtown Town Council approved a text amendment to the Town Code. Emergency Ordinance No. 215 will amend Section 60-7 of the Town Code to correct minor errors inadvertently enacted by Ordinance 204 (the comprehensive review of the Leonardtown Critical Area program) and to specifically allow for the use of growth allocation for new Intensely Developed Areas (IDAs) less than 20 acres.

Hearing no questions, Chairman Deegan recognized Program Subcommittee Chair Greer, who moved that the Chairman approve the text amendment. Chairman Deegan said he accepts the Commission’s recommendation and that this would be his final decision.

Refinement: Town of Leonardtown – St. Mary’s Nursing Home Growth Allocation (St. Mary’s County)

Ms. Sekerak presented a refinement to the Town of Leonardtown’s Critical Area Program in the form of a growth allocation to change the designation of 12.67 acres of a Resource Conservation Area (RCA) to an Intensely Developed Area (IDA). The subject parcels are located at 42156 Saint Andrews Church Road in the Town of Leonardtown. If the growth allocation is approved, the Critical Area designation will allow for an institutional use of the site, as already allowed by the underlying zoning. The attachment to the staff report includes the growth allocation deduction map, an aerial of the site, and the proposed site plan.

On January 9, 2023, the Leonardtown Town Council voted unanimously to approve the proposed growth allocation. At each stage of the Town process, the growth allocation was found to be consistent with the Town’s growth allocation requirements and the Critical Area standards and factors outlined in COMAR 27.01.02.06.

Commission staff accepted the growth allocation for processing on February 14, 2023. On February 14, 2023, Chairman Deegan determined that this growth allocation could be processed as a refinement.

Hearing no questions, Chairman Deegan recognized Program Subcommittee Chair Greer, who moved that the Chairman approve the growth allocation request. Chairman Deegan said he accepts the Commission’s recommendation and that this would be his final decision.

Town of Perryville – Critical Area Map Update Extension Request (Cecil County)

Mr. Michael Grassmann presented a request from the Town of Perryville for an extension of the deadline to approve their draft Critical Area maps. He presented the staff report, the contents of which are incorporated into and made a part of the minutes. January 28, 2023 was the 24-month deadline for the Town of Perryville, located in Cecil County, to adopt their updated Critical Area

Maps. The Town is unable to meet this deadline due to revising the Town's Critical Area Code as part of the mapping update. The Town expects to adopt the proposed map updates after a public hearing on April 4, 2023. As such, the Town of Perryville is requesting a 90-day extension of the Critical Area updated map adoption timeline; therefore, the new deadline for local approval of the Critical Area maps would be April 28, 2023.

Hearing no questions, Chairman Deegan recognized Program Subcommittee Chair Greer, who moved that the Commission vote to approve the requested extension. Commissioner Taylor seconded the motion. All voted to approve. **Motion passed unanimously.**
