INSTRUCTIONS:

1.) The transferee (person receiving tags) must fill out Section A completely.
2.) The transferor (person transferring tags) must fill out Section B completely.
3.) The transferor must indicate the total quantity of tags that will be going to transferee.
4.) The transferee must indicate the total quantity of tags received from the transferor.
5.) If this is a partial transfer of a minimum increment or it's multiple, tags must be in unopened bags in the proper amounts indicated by public notice.
6.) If this is a 100% transfer, all tags in possession of transferor must go to transferee.
7.) Each tag being transferred must be accounted for in Section C. If tags are in sequential order, the first and last number of the tag number may be written in lieu of individual tag numbers. (example: 1001-1100)
8.) If additional space is needed for tag numbers (i.e. tags are broken up and not in sequential order), additional paper may be attached to this document listing all tags moving in the transfer.
9.) This form must be certified by a notary public in order to be processed. There is not a notary public at the Tawes Building, please have this done before you turn in the form.

Only tags for the current year's fishery indicated on both this affidavit and the transfer form may be moved in a transfer.
