The Department conducted a biological survey within the proposed area, evaluated harvest records and determined that this portion of PSFA NOB 31-6 is eligible to be declassified in accordance with COMAR, 08.02.04.17B. Pending declassification, the applicant proposes to deposit oyster shell as needed within the given area to a maximum depth of three inches for the purpose of culturing Eastern Oyster (*Crassostrea virginica*), and to harvest using methods approved by the Department. A map of the proposed lease is attached.

The Department will hold a public informational meeting upon written request from a member of the public. In addition, any person who has a specific right, duty, privilege, or interest that is different from that held by the general public and may be adversely affected by the proposed lease may file a Petition of Protest with the Department. Petitions that meet the requirements of Natural Resources Article §4-11A-09(g) shall be forwarded to the Office of Administrative Hearings for adjudication. Comments, written requests for public informational meetings, and/or Petitions of Protest must be received by the Department of Natural Resources Aquaculture and Industry Enhancement Division 580 Taylor Avenue E-4 Annapolis, MD 21401 by May 13, 2019. For questions about the project or the public notice please contact Rebecca Thur at the DNR Aquaculture and Industry Enhancement Division at rebecca.thur@maryland.gov or 410-260-8252.
