

# NATURE HIDEOUT

Maryland State Fair  
Nature Play Space

## CONTEXT

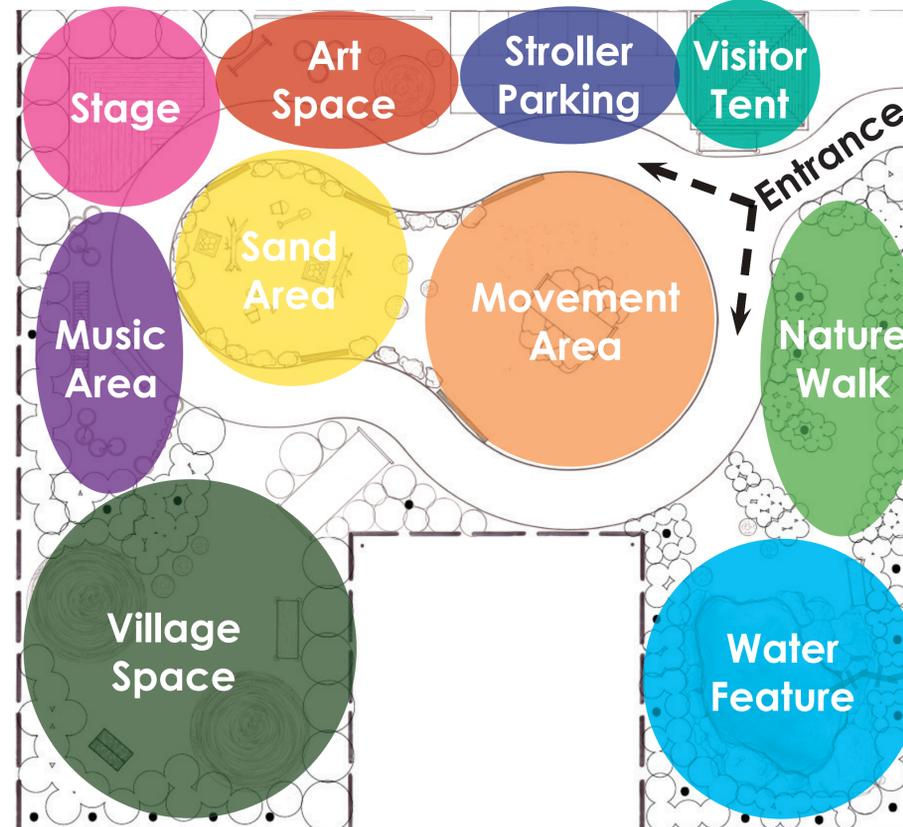

## INSPIRATION

## DESIGN GOAL

To create a space that allows children to “escape” the intensity of the Maryland State Fair while allowing them to play and learn about the environment through interactions with nature, including elements such as sand, water, plants, and other activities that stimulate brain development and allow children to find safe hiding places in nature.

## FUNCTIONAL DIAGRAM

## STICKER

# SITE PLAN

## LEGEND
