

## **How to apply to the Maryland Conservation Corps**

- To apply to MCC, you will need to create an account on the BuildWithin portal through [this link](#).
- After you create your account, you will be able to submit an application for the Service Year option.
- To ensure that we receive your application, please include in your application your interest in working outdoors, the geographical location(s) you want to work at, and your specific interest in being placed in the Maryland Conservation Corps program.
- After you submit your application, you will have a multi-step interview process:
  - The first step will be a pre-screening questionnaire with an AI system.
  - After your responses to the AI questions have been submitted and reviewed, you will then be able to submit your application for the Maryland Conservation Corps. \*
  - The final step will be a virtual interview with MCC staff.
- We will begin scheduling interviews with applicants in May. The interviews will be scheduled via the portal.
- The turnaround time after interviewing and hiring will be quick. We hope to hire all MCC members by August 19th, with a program start date of September 9th.

\*If you are having issues finding the MCC positions, you can reach out directly to your matching captains (via portal message) or to the MCC Recruitment Officer.
