

2025-2026 HUNTING AT TUCKAHOE STATE PARK

Approximately **1,000 acres** of woodlands have been designated for forest game, upland game, migratory Canada goose (lottery only), and deer hunting at Tuckahoe State Park. **Hunters must comply with all state and federal game laws, as well as Maryland Park Service regulations.** Trapping is not allowed. Hunting is prohibited on Sundays

Hunters must sign in to hunt before entering the hunting area daily **and sign out upon leaving**. The hunter's sign-in bulletin board is located at the maintenance facility on the corner of Crouse Mill and Eveland roads.

Tuckahoe State Park adheres to all seasons, bag limits and regulations as outlined in the 2025-2026 Maryland Guide to Hunting and Trapping. During respective seasons, hunters may carry firearms across closed sections of the park to reach open hunting land, provided their weapons are unloaded. Firearms are prohibited in all areas during the remainder of the year. Use of game shooting stands is limited to those of a temporary nature which can be removed at the end of the day.

The map on the reverse outlines the approximate boundaries of the hunting area. It is important to note that hunting is not permitted within 150 yards of a dwelling, public road or adjacent property line. Please respect these safety zones. **No weapons, loaded or unloaded, are allowed in the 400 acres of the Adkins Arboretum.** *If you are pursuing a deer after legal shooting time that you believe is alive, you must contact the Natural Resources Police at 410-260-8888.*

Use of vehicles within the confines of the designated hunting area is prohibited except on public highways and at approved parking areas. Parking is allowed in designated lots marked on the map; parking within the Greenmount and Sandtown cemeteries is not allowed. Tuckahoe State Park has two (2) disabled hunter access areas available (see reverse).

BOBWHITE QUAIL: **Bobwhite quail hunting is prohibited.** This closure, combined with recent habitat improvements, will give the population a chance to recover from previous low numbers.

MIGRATORY CANADA GOOSE (AND WATERFOWL): Four (4) field pits are available **by lottery permit only**. Applications at www.dnr.maryland.gov/publiclands/Pages/eastern/tuckahoe.aspx. Snow goose hunting is available after the Canada goose season ends on a first-come, first-served basis.
