WATERFOWL SITE REGULATIONS – ALL AREAS

All State, Federal, County, and Property regulations apply. Failure to comply with any of these rules or regulations will result in a fine and/or suspension from the program. See Free Public Hunting Permit Packet for full regulations and suspension info (Pg 2).

- The maximum number of hunters at a waterfowl site is FOUR.

- All hunters at a site must have the Free Public Hunting Permit and a reservation, regardless of age or residency.
- Decoys cannot be placed earlier than 1 hr. before shooting hours and must be removed by 1 hr. after shooting hours.
- On properties open for waterfowl hunting, no waterfowl hunting may occur within 250 yards of an established blind site. Waterfowl hunting on tidal shoreline is only permitted at established blind/waterfowl sites or in a Waterfowl Hunting Zone.
- Hunters are permitted to have a non-hunting guest accompany them. This person does not need a permit or reservation but must remain with the hunter and unarmed at all times.
- Hunters are responsible for locating and coordinating their own boat access. A map of boat ramps can be found online, called the Maryland Water Access Guide <http://dnr.maryland.gov/Boating/Pages/water-access/boatramps.aspx>
