

- OFFSHORE WORK ONLY - SHORE EROSION BUFFER MANAGEMENT PLAN

This form is to be used to address the requirement for a Buffer Management Plan for projects which do not involve clearing, grading, disturbance or stockpiling on land. These projects include offshore breakwaters, marsh edging, or placement of stone in front of an existing bulkhead. **This form cannot be used for placement of revetment stone on an eroding bank.** Mitigation (planting) is not required in such instances, but a Buffer Notification Form and this Buffer Management Plan must be submitted.

3. Certification:

I certify that all proposed work associated with the tidal wetlands application at the above property will be performed from the water. There is adequate depth of water to gain access to the site. No clearing, grading, disturbance or stockpiling will occur on the land. I understand that authorization for the project proposed, if granted, will contain a special condition that requires that all work be conducted from the water. I understand that municipal or county staff may contact me and arrange to inspect the work. I will abide by the MDE authorization and will not conduct any work outside of the scope of the authorization. **I understand that if work does occur on the land, I must apply to MDE for a modification and submit an updated Buffer Management Plan. Failure to do so is a violation of State and local laws.** I certify that the information on this form is true and accurate to the best of my knowledge and belief.
