

FOREST BUFFER WALK IN THE WOODS

**Saturday
June 1
10 am-1pm**

Come take a walk in the woods at the Chaney's 'Honey's Harvest Farm' with members of the Forest Service to discuss the connections between land and water.

Honey's Harvest Farm grows everything from honey to paw paw to poultry, all while maintaining forested buffers to protect our streams and the Chesapeake Bay watershed.

See the beginnings of their future forest stand while we discuss how to better manage our land while improving the health of our waterways.

- ◆ Come with curiosity and any questions
- ◆ Bring your binoculars and outdoor shoes
- ◆ Rain date June 8
- ◆ Feel free to bring a friend along!
