The 2019 update of the Maryland Land Preservation and Recreation Plan was coordinated by the Maryland Department of Natural Resources. In Maryland, the Statewide Comprehensive Outdoor Recreation Plan is known as the Land Preservation and Recreation Plan. The Department is the state agency responsible for administering Maryland’s Program Open Space and federal Land and Water Conservation Fund programs in Maryland. The Maryland Department of Natural Resources has the authority to represent and act for the state in coordination with the Secretary of the Interior for purposes of the Land and Water Conservation Act of 1965, as amended. The preparation of this plan was financed in part through a Land and Water Conservation Fund planning grant, and the plan was approved by the U.S. Department of the Interior, National Park Service, under the provisions of the Federal Land and Water Conservation Fund Act of 1965 (Public Law 88-578).
