This list was created by the Friends of Chapman State Park. It was compiled and formatted based on "Sixty-first Supplement to The American Ornithological Society's Check-list of North American Birds" This list currently contains 177 species of birds that have been sighted, identified, and confirmed at Chapman State Park by volunteers and Park Guests using eBird.

However, this list is an ongoing project, and if you should sight and identify a species of bird that has not yet been placed on this list, please document your find and report it to the Friends of Chapman State Park at mountaventinecsp@gmail.com so it can be confirmed and added to the list.
